KUCHING: UCSI University held their A-Level annual Graduation and Award Day at their Sarawak Campus recently.

A total of 40 students attended the ceremony along with parents and staff of UCSI University. The Chief Operating Officer of UCSI University Sarawak Campus officially commenced the event with a speech to congratulate all graduating students and stressed the importance of getting ready for the next step in their lives.

This was stressed further by Mukvinder Sandhu, the Programme Coordinator of Centre for Pre-U Studies (CPU), indicating the all-important awareness of getting themselves ready for university, being able to hone important skills such as communication and leadership skills, indicating that this would be the focus for 2013.

The awards of the day included the Best Achievement and Most Improved Student, followed by awards to the winners of the CPU Talent Show and Badminton Competition. Graduates from the English Enrichment Programme also received their certificates from the centre to acknowledge their efforts in trying to improve in the language.

The highlights of the event included performances by the winners of the CPU Talent Show “grooving” on the music with their freestyle dancing moves and a song from the CPU team Azizan.

The parent-lecturer interviews marked the end of the event. The session allowed parents to have a better insight into their children’s progress allowing strategies to be developed in order to better help students’ achievements at CPU.

Ever since UCSI University offered its A-Levels in year 2002, the university has had its graduates see education opportunities at local universities as well as universities all over the world which include universities in United Kingdom, Australia, New Zealand and many other countries.

UCSI University, Sarawak Campus houses the Faculty of Hospitality and Tourism Management (FHTM) and Centre for Pre-U Studies (CPU). This campus provides niche programmes to train all its students in many areas of hospitality and tourism as well as hone their management skills and teamwork. The CPU has consistently remained the leading GCE A-Levels provider in Kuching and together with its foundation programmes serves as pathway to degree programmes at UCSI University campuses in Malaysia and its education partners overseas.
