Epicurean charity dinner at UCSI

Student-led charity event raises more than RM2,000 for children with cancer

KUCHING: Children with cancer continue to receive the attention of concerned groups.

Among these caring citizens was UCSI University Sarawak Campus who hosted the UCSI International Cuisine Charity Dinner 2014 on March 29.

The charity dinner was a student-led event carried out together with the Sarawak Children Cancer Society (SCCS) in response to the growing concern of promoting better social responsibility awareness among the public.

A scrumptious buffet spread of local and international dishes that included French, Italian and Spanish cuisines, were prepared by UCSI’s very own Culinary Arts students and they proved to be a gastronomic experience for all.

The students were able to raise RM2,022.05 for SCCS while at the same time promote cuisines from different parts of the world.

In the process, sponsors and suppliers were provided-a platform to promote their services and products to members of the public.

The students also held side activities like dance sessions and light games that served as ice-breakers.

The event’s sponsors were Awet Thai Garden, PubliQue, Aeroport Wine & Dine, Restoran Cahaya, ADL Medical System Sdn Bhd, Aroma Café, Cat City Holiday Sdn Bhd, Elegrand Gallery, Merdeka Palace, Orient Holiday Sdn Bhd, Putra Sentosa Enterprise, Taka Cake House, Maxis Berhad, Rock City Café and Hilton Kuching.

There were also pledges from several of the diners to become SCCS volunteers in the upcoming Go Bald event next month.

Meanwhile, the enrolment for May and September intakes is now in progress. For more information on programmes offered by UCSI University Sarawak Campus, call +6082 – 455 255 or visit www.ucsi-university.edu.my.
