KUCHING: The A-Levels programme at UCSI University is no stranger to the world of education in Malaysia, with many local and international students using it as a stepping stone to achieve entry into universities of their choice, worldwide.

UCSI University, Sarawak Campus also offers GCE A-Levels at its campus here, to make it easier for local students to take up the programme and yet attain the same qualifications as their peers in the Kuala Lumpur Campus.

UCSI University has a proven track record of producing quality high-scorers in the A-Levels programme, with several of them securing coveted spots in universities that accept only the cream of the crop every intake.

Some of UCSI University, Sarawak Campus’ A-Levels alumni have made the University proud of their achievements over the years.

Outstanding alumni of year 2009 are Ling Yee Wei, Sarah Teng Wei Swan, Yee Wan Lin, Ling Yien Yien, Chiang Liang Yew, Augustine Law Foo Khiong, Dwayne Liak Jin Wen, Astley Chong Zen Li and Magdalene Phang Li Min, who have successfully gained entry into universities such as the University of Manchester, the University of Melbourne, University of Sunderland, The Vinayaka Dental College as well as UCSI University, Kuala Lumpur Campus to pursue degree courses of their dreams, ranging from medicine to dentistry to architecture.

The following year saw Andrea Rachel Wong Ee-Lyn, Eunice Lau Zi Hui, Fong Chung Sien, Lai Wei Yei and Ngu Sing Yii perform outstandingly to achieve excellent grades in their GCE A-Levels examination, which led them to pursue medicine and pharmacy in local universities like Taylors University and IMU.

This year, there have also been several students who proved to excel in their endeavours to pursue their dream degrees in universities the world over.

Chung Chiaw Chin gained entry into the Pharmacy programme at the University of Adelaide after achieving two As and a B in her A-Levels examination.

Fellow students Cherrie Mabel Tie Sher Yee, William Yong, Tan Thuang Lin and star student Serene Lo Sze Lynn achieved excellent grades as well and have since gone on to pursue studies in universities such as IMU and Curtin University of Technology, Sarawak.

The A-Levels programme at UCSI University is the London modular programme that runs for 18 months and acts as the foundation and mediator for students who have completed their Sijil Pelajaran Malaysia (SPM) examinations, and wish to pursue degrees in fields such as medicine, pharmacy, dentistry, optometry, engineering, and most programmes that are science-related.

This programme is ideal for students who wish to have the option of gaining wanted access to universities of the highest requirements, provided they achieve the said requirements.

Students and parents who wish to know more about GCE A-Levels and other education opportunities may enquire with the programme counsellors at UCSI University, Sarawak Campus at the University premises or visit its Open Days on Dec 17 - 18, from 10am to 5pm.
