It’s great to be a facilitator. I enjoy the discussions that take place and being able to answer the challenging questions together with the students since we get to exchange ideas that strengthen our critical thinking skills.

It’s a beneficial and easy way to understand your subject.

What is a Will Group?

Will Group is a study assistance service available to all students at UCSI University. It assists students to identify their academic challenges to facilitate developing their study skills and to motivate them to study. It is a peer-facilitator and peer-tutoring programme which provides optimum assistance and encourages positive relationships within a small group.

Here is an opportunity to improve one's self. We, at Will Group, will endeavour to help you to succeed.

So why wait? It is a chance to get together to discuss important concepts and to develop strategies for studying and learning.
