INTRODUCTION

A R T M Ō E P H E R E

“OUT OF THIS WORLD”

The exhibition's name, Artmosphere, is a combination of the words “Art” and “Atmosphere”.

The Concept of the exhibiton is based on space, where the audience are set on a journey to our planet, Artmosphere. Departments within the exhibition will be split into different sections, which act as the “space stations” on the planet. The Logo mark is an abstract shape of an astronaut.

The mission of the exhibition is to articulate boundless creativity and endless exploration as designers.

ICAD

DE INSTITUTE OF CREATIVE ARTS AND DESIGN

UCSI University's De Institute of Creative Arts and Design - or better known by its acronym ICAD - is an exceptional place to learn and explore the visual arts, art history, and art education.

Catering to the needs of the rapidly changing creative industry, ICAD offers unique art, fashion courses, multimedia and web design programmes that seek to equip students with fundamental knowledge, creativity and competencies needed in today's dynamic marketplace.

Under the tutelage of experienced academics and established fashion designers, students are schooled in industry know-how and continue to hone their creative growth and expression, as well as, intellectual challenge.

UCSI UNIVERSITY

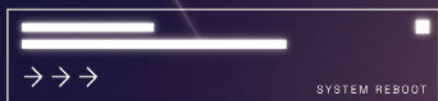

UCSI University is a vibrant community of learning and scholarship. At present, more than 12,000 students study at the University. Over the years, students from 110 different countries have studied at UCSI University, making the campus a melting pot of culture and diversity.

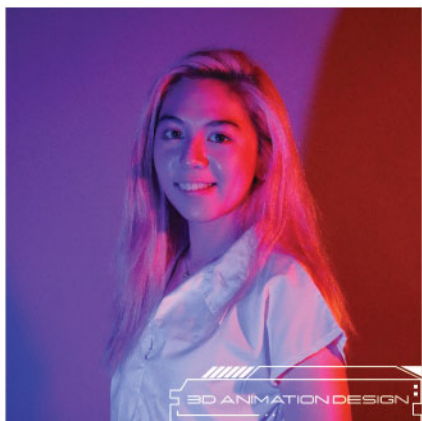

As one of Malaysia's first private universities, UCSI University has long impacted the national higher education landscape and the University continues to do so with its wide range of undergraduate and postgraduate programmes.

3D ANIMATION DESIGN

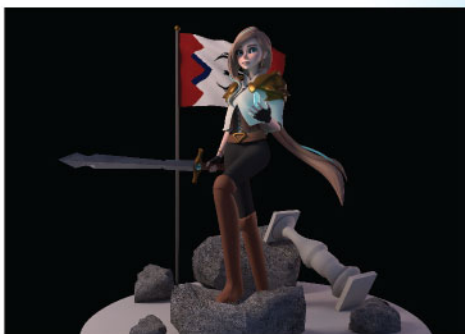

Aurellyn Briza

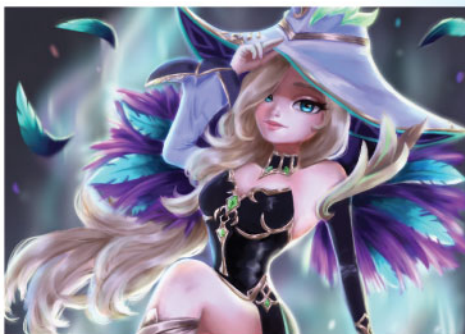

Hi there, my name is Briza. I'm a 3D Animation Design student from UCSI University. I enjoy doing concept art, digital illustration and 3D modeling. I've always been a fan of animation too, that's why I decided to study 3D Animation Design. It all started out as hobbies but now I want to learn and pursue my passion more in the art industries.

Claudia Tiffany Rinaldy

Hi, I'm Claudia! I'm a 3D Animation Design student from UCSI University. I've been passionate about animation and film industry since I was a teen as it allows people's ideas and creativity to come to life and can be the entertainment that people need. Proficient in 3D modeling, both character and environment, and rendering.

Delphi Priskilla Anneke

Hey there, my name is Delphi. I'm a 3D animation student from UCSI University. As a kid, I really enjoyed watching movies, which is what made me really interested in the film industry. Although I study 3D Animation in University, I wanted to extend my knowledge further, so I decided to learn about film and television too from a well known University. After graduating, I'm planning to keep on learning about the industry because there's not an end to knowledge.

Kor Wing Yan

Greetings! I am Alicia, and I've been an art enthusiast since my childhood. I am currently a BCA (Hons) 3D Animation Design student in UCSI University, KL and my main inspiration to pursue an animation degree was due to the cartoons I watched growing up. I mainly enjoy modelling and illustrating. I aspire to be a part of animation productions for cartoons or movies that would bring happiness and inspiration to others, and also to share joy and wonders to people everywhere.

Mikhta Arumaisha Riviazahra

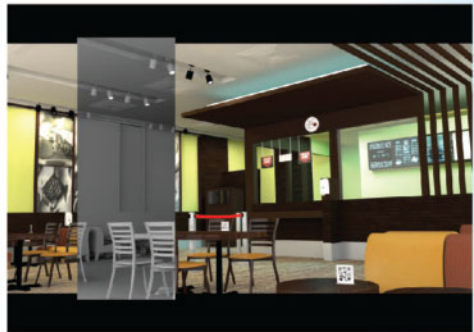

Hi! I'm Mikhta, a 3D Animation Design student at UCSI University. Things to do with animation has always been my passion since I was a kid. Being in this major made me realize what I'm capable of, in things I never have expected. After all these years of studying, I could say that my strongest field would be in Rendering and Animating. Although, I also now enjoy modeling, illustrating as well as sculpting and some of post-production.

Ng Shi Qi

Hii! I'm Shiqi, a 3D Animation student. I enjoy watching anime and curious about the production of an animation. My main interests in 3D projects are environment design and modeling as it is fun to create my own 3D world for my character. Besides, digital painting and poster design are also my favorites. 3D is a new world that is constantly improving, so for me, keeping my mind innovative is important to keep up with the pace of changes.

Pang Ian

My name is Pang Ian. I am an aspiring 2D illustrator currently taking my Bachelors in 3D Animation and Design. My specialty is in 2D illustration. Since I was small, I would go through every artwork and illustrations made behind the scenes for movies and animations. From there, I learnt to draw a variety of subjects that captures my interest. I believe that illustrations contribute an important role to the creation of a character or a story, big or small. I hope that I can use my skills to the best of my ability and bring those ideas and stories to life.

Zoe Chai Min Xing

Hey, I'm Zoe, a 3D Animation student from UCSI University. I mainly specialise in 3D modelling more than animating. I enjoy making 2D illustrations of various characters and occasionally backgrounds in my spare time. I started out in traditional art as a kid and did a lot of sketches both as a hobby and competitively at school. Art is something that inspires me as it breathes life into imagination, and I've always adored the idea of crafting a world and characters simply by putting pen to paper.

LOGO DESIGN

Primary Logo

DESIGN CONCEPT

I want to create an easily recognizable logo that reflects my product and identity.

The goal is to represent the power and the fire element of the brand and identity, and the fact that it's a mix of traditional and modern. I want to represent the strong history and tradition, the culture and the Prime Village representing the community.

Alternative Logo

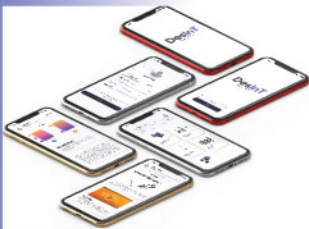

Another version of the logo is to represent the fact that it can be a better fit for some markets.

This logo is an alternative for some design that can be used to fit the structure.

COLLAGE **SCHOOL VIOLENCE**

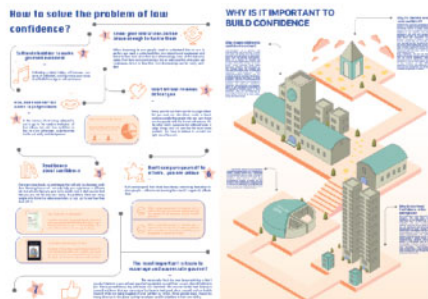

When we think of school violence, we often think of guns, knives, and bombs. But school violence can also be something as simple as a bully picking on a classmate. It can be something as subtle as a teacher making fun of a student. It can be something as serious as a student being hurt or killed. School violence is a problem that affects many students and teachers. It is a problem that we need to solve.

Nick Goh Yu Chen

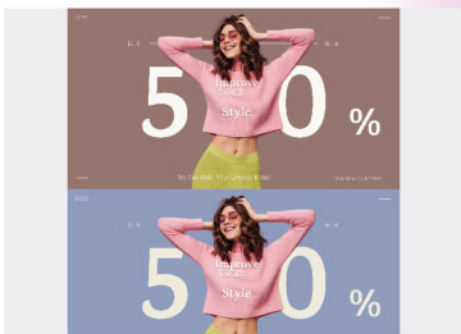

Hi, I am Nick Goh Yu Chen, a final year multimedia design student. Design has always been my passion since day one. Growing up, I had always dreamt of creating designs that can inspire and empower many. To achieve that, I'd often invest my time in practicing UI design, motion graphics, and poster design. I know that becoming a designer takes hard work and it will not be easy down the road. However, I believe that challenges are what make life interesting.

Tan Chee Glen

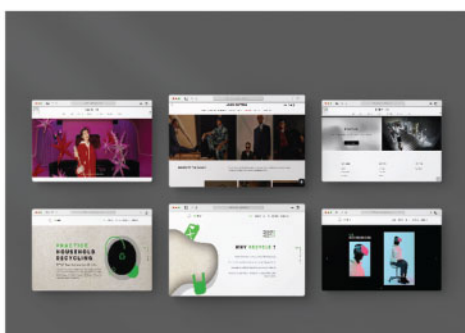

Hey ! My name is Glen. I am a student of Multimedia Design at UCSI University. I am interested in designing UX/UI and websites. My goal is to design successful applications in the future. I also like to challenge myself to design different themes of art, in order to achieve a higher design quality. I tend to like the style of the futuristic.

Tang Ming Xiao

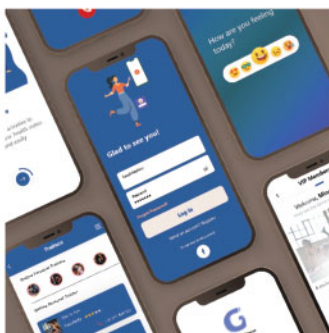

Hi, my name is Tang Ming Xiao, I'm multimedia students who have had 6 years of education studying multimedia and digital media design since high school. I am good at and keen on application interaction design. I am also keen on photography, short Video shooting, and editing. During college, my Chinese Tiktok video clips account already had 350,000 followers. I have slowly found my worth and position in my career, and I look forward to our meeting!

William Han Josef

Greetings! My name is William Han Josef, and I am a Multimedia Design student from Indonesia. I have experience as an intern before as a video editor and also as a graphic designer. I am really confident in Graphic Editing and Video Production, where I have the control to achieve what my previous clients wanted. I always look forward to opportunities where I can learn from the professionals and put them into my own skillset. I am adaptive and creative.

Yip Wen Jia

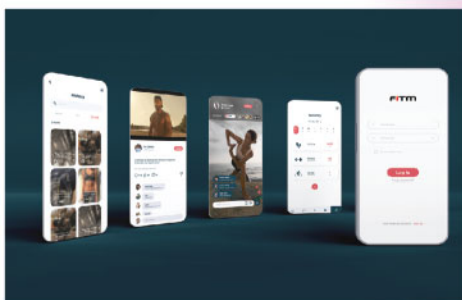

Hi, I am Ashlyn, a Multimedia Design student studying at UCSI University. I would say that I am skillful at Ux Ui Design, illustrations and video editing. The software I am best at Adobe XD and Adobe Premiere Pro, the rest are Adobe Photoshop, Adobe Illustrator and Adobe After Effect. I love learning new skills and furthering my own knowledge. Even though I not yet master it but it's fun, and I can get something out of it.
