## EMPOWERING CHANGEMAKERS

UCSI University is one of Asia's top private universities. It is classified in the world's top 1% in the QS World University Rankings 2024, by virtue of its top 300 ranking. UCSI was the only university to receive the QS Recognition for Improvement Award - an award given to universities that improve the most ranks on average - at the 2023 QS EduData Summit in New York. And the University has steadily enhanced its global profile over the past decade.

Changemakers study here. Four UCSI alumni are Forbes 30 Under 30 Asia inductees. From social entrepreneurship to impactful visual storytelling, they raise aspirations and win the respect of the world. Two more alumni are Prestige 40 Under 40 laureates for their contributions to Malaysia's music industry. And many more entrepreneurs, scientists, doctors, media personalities, musicians and national athletes make up UCSI's acclaimed alumni network.

Research and scholarly pursuit are part of UCSI's DNA. The University is equipped with state-of-the-art labs that feature the latest IR4.0 technologies in engineering, medicine, pharmacy and biotechnology. Students learn from academics who are at the forefront of their respective disciplines. UCSI's collaboration with some of the world's best universities also presents invaluable opportunities for students.

Since 2014, UCSI's top students have been annually selected to advance high-impact research at Harvard University, Imperial College London, the University of Chicago, Tsinghua University, the University of Queensland and the University of British Columbia, among others. UCSI students have gone on to work with some of the world's best minds in the fields of endocrinology, nanotechnology, pharmacology and materials science, among other critical fields.

Graduate employability is another one of UCSI's calling cards. The University has a 100% employability score in the Malaysian Higher Education Ministry's Graduate Employability 2022 survey. UCSI counts over 4,600 companies in its industry network. This includes many of the world's best firms like Accenture, CIMB, Deloitte, DHL, EY, HP, HSBC, KPMG, Maybank, Nestle, Samsung, Schlumberger, P&G, Petronas and PWC, among many others. This dynamic setup facilitates internship arrangements, joint research opportunities, technology transfers and of course, job offers.

With these unique strengths and more, UCSI stands out as a university that offers an education few can, provides experiences others can't and delivers game-changing outcomes for students around the world.

# Faculty of Social Sciences and Liberal Arts

*We have full faith in our students' ability to succeed. The reason is simple; through our years of experience educating the future generation, we know that students will learn and achieve best when they are given the trust, freedom, and flexibility to do so. Each of our programmes is carefully designed to provide students with a myriad of opportunities to be independent and fulfil their potential. We do this through our flagship active learning approach. Instead of mere rote learning, our lecturers use innovative methods, technology, projects and events to demonstrate key concepts in lessons. Classes are kept small to make it possible for each student to engage in one-to-one discussions with lecturers.*

*Our students are well-known for their active engagement with communities in need and with social issues. Many of our students undertake projects or activities that make a difference in the lives of others such as voluntary work for underprivileged children, promoting literacy skills, and raising awareness for social needs. By pursuing causes close to their hearts, our students apply what they learn in the classroom to real human needs and situations.*

*Students who make great volunteers also make great thinkers and leaders. UCSI has more than 4,600 co-operative partners that provide internship opportunities for our students at each academic year, which include ASTRO, Media Prima, Edelman Worldwide, and Malaysiakini. Through these internships, students get to learn about entrepreneurship and other practical experience that are vital for their careers.*

*This unique mix is what you can look forward to. Your studies here will be insightful. They will be challenging. And you will be empowered to create experiences that matter.*

## Events

Crime and Psychopathology Seminar & UCSI 3MT Competition 2019: The Crime and Psychopathology Seminar & UCSI 3MT Competition 2019 was the 2nd seminar organised by the Department of Psychology, Faculty of Social Sciences and Liberal Arts, UCSI University Kuala Lumpur. One of the objectives of this seminar was to disseminate knowledge and development of research in crime and crime pathology areas. Students and researchers brainstormed and derived new research idea through this event. A total of 96 participants attended this seminar.

Trip to Kajang Prison 2019: This field trip was aimed to expose students to a correctional facility for the purpose of giving them an idea of how theories are put to work. It is also to give a real-world experience of the nation's criminal justice system and other controversial correctional practices.

International Women's Week Fashion Show: Mass Communication Student Association (MCSA) celebrated International Women's Week by promoting the #BeingMore hashtag to encourage women to continuously punch above their weight to achieve greater things in life. The event was organised in hopes to improve diversity among students, eradicate gender biasness and inspire women to be leaders.

Nourish Karman's Working in Tandem: Celebrities and Public Relations Personnel: Celebrities working in tandem with public relations personnel by actress Nourish Karman will be held on the 13th of February. She believes that in her line of work, having good public relations skill as well as the trained professionals in the industry has been beneficial to her career. In lieu with the Public Relations class offered at UCSI, this event gives the students the chance to see and understand what choices they could possibly have in the future with such a skill.

ELSA Carnival 2019: The language-themed carnival was organised by English Language Student Association (ELSA). The event featured six booths of fun games and activities designed for participants from all courses while introducing the elements of English Language in an entertaining and engaging way. The six booths were derived from the core subjects in English Language and Communication (ELC) programme. Prize hampers worth up to RM400 were given out to the daily top 5 winners of the carnival to encourage their full participation in the games.

Free Linguistic Conference 2018: A group of lecturers and students from the English Language and Communication (ELC) programme attended a Free Linguistic Conference hosted in the University of Malaya.

# Facilities

The Faculty of Social Sciences and Liberal Arts is committed to equip students with a flexible learning environment that inspire students to be engaged in culturally diverse settings.

The TV studio is a fully soundproof walls with a large green screen area and four Sony PXW-Z150 XDCAM Camcorders as well as professional lighting rig, among others.

With Apple iMac and Acer monitor for audio controller, Tascam CDR 250N 2 channel CD, the radio studio is definitely a place for students to thrive in the field of broadcasting.

With two voice-over recording cubicles, soundproofed walls, the voice recording rooms is a specialised facility for sound recording, mixing and audio production.

Equipped with three remote controlled plain background sheets, one mounted projector with VGA and HDMI ports, the photography studio will enable students to bring out the best in them.

The psychology lab offers a one-way mirror for lecturers to observe simulated counselling sessions by students, and a Control Room equipped with a recorder player and a mixer for recording.

Equipped with iMacs and Adobe softwares. The Mass Communication Department's Editing Studios are catered for students to assist them with their editing and post-production media that will be published for all.
