EMPOWERING CHANGEMAKERS

UCSI University is one of Asia's top private universities. It is classified in the world's top 1% in the QS World University Rankings 2025, by virtue of its top 265 ranking. UCSI was the only university to receive the QS Recognition for Improvement Award - an award given to universities that improve the most ranks on average - at the 2022 QS EduData Summit in New York. And the University has steadily enhanced its global profile over the past decade.

Changemakers study here. Four UCSI alumni are Forbes 30 Under 30 Asia inductees. From social entrepreneurship to impactful visual storytelling, they raise aspirations and win the respect of the world. Three more alumni are Prestige 40 Under 40 laureates for their contributions to Malaysia's creative industry. And many more entrepreneurs, scientists, doctors, media personalities, musicians and national athletes make up UCSI's acclaimed alumni network.

Research and scholarly pursuit are part of UCSI's DNA. The University is equipped with state-of-the-art labs that feature the latest IR4.0 technologies in engineering, medicine, pharmacy and biotechnology. Students learn from academics who are at the forefront of their respective disciplines. UCSI's collaboration with some of the world's best universities also presents invaluable opportunities for students.

Since 2014, UCSI's top students have been annually selected to advance high-impact research at Harvard University, Imperial College London, the University of Chicago, Tsinghua University, the University of Queensland and the University of British Columbia, among others. UCSI students have gone on to work with some of the world's best minds in the fields of endocrinology, nanotechnology, pharmacology and materials science, among other critical fields.

Graduate employability is another one of UCSI's calling cards. The University has a 100% employability score in the Malaysian Higher Education Ministry's Graduate Employability 2022 survey. UCSI counts over 4,800 companies in its industry network. This includes many of the world's best firms like Accenture, CIMB, Deloitte, DHL, EY, HP, HSBC, KPMG, Maybank, Nestle, Samsung, Schlumberger, P&G, Petronas and PWC, among many others. This dynamic setup facilitates internship arrangements, joint research opportunities, technology transfers and of course, job offers.

With these unique strengths and more, UCSI stands out as a university that offers an education few can, provides experiences others can't and delivers game-changing outcomes for students around the world.

Institute of Actuarial Science and Data Analytics

Everything has risk, but the risk is an opportunity! We equip our students with strong analytical and communication skills under the Institute of Actuarial Science and Data Analytics (IASDA). Our graduates are well-versed in risk, whereby they are good at identifying, measuring, and managing risk. With the strong data analytical skills, our graduates can provide valuable insights to improve financial outcomes for their organisations.

One of our students who was only in his third year of the actuarial science programme became the first Malaysian student to obtain the Associate of Canadian Institute of Actuaries (ACIA). Hence, our graduates are deemed highly employable.

The students' experience from the programme at UCSI University prepared them not only to specialise in a specific field of expertise but also to equip them with the necessary skillset and knowledge in various fields. Our graduates have been in the field of insurance, banking, finance, data analytics, risk management, even aviation, and others.

Foundation

At UCSI, our focused foundation pathways in business studies prepare you for versatility and impact in an ever-changing world. Our special focus areas are specially designed to equip you with a strong grounding in mathematics, computing, statistics and analytical thinking – skills that lead to global careers in business, actuarial science and management.

In addition to acquiring relevant subject knowledge, you will also be supported and mentored by a team of distinguished professors throughout your foundation year. Their tutelage will make the telling difference in your rite of passage to degree studies. You will be encouraged to think like never before. And as

you develop the critical and creative thinking skills that make the difference between success and failure, you will develop the confidence to move on to more advanced studies in actuarial science and management.

Foundation studies at UCSI also enable you to expand your personal and professional network. UCSI partners with over 4,600 global companies and opportunities abound for you to gain industry perspectives through talks and career fairs. With this in mind, UCSI's focused foundation pathways in business don't just prepare you to keep abreast of change. They prepare you to be ahead of it. Get the ideal start today.

Start Focused. Stay Ahead.

UCSI's specialised foundation pathway helps you acquire a much stronger grasp of your chosen field of study while covering the overall reach of a standard foundation programme. Apart from helping you immensely as you progress to degree studies, UCSI's foundation programme also provides you with an early taste of what the industry expects.

Foundation in Arts (Actuarial Science/Built Environment)

Compulsory Courses

- Writing for Academic Purposes
- Critical Thinking Skills
- Computing Essentials
- Positive Psychology

Elective Courses (Refer to the Head of Department for Elective Course Selection)

- | | |
|--|---|
| <ul style="list-style-type: none"> • Fundamentals of Ethics • Human Communication • Introduction to Business • Introduction to Structure • Introduction to Built Environment • Introduction to Law • Fundamentals of Computer Graphics • Analytical Drawing • Fundamentals of Design • Introduction to Marketing | <ul style="list-style-type: none"> • Web Development • Fundamentals of Programming • Basic Office Application • Introduction to Hospitality and Tourism Industry • Event Management • Introduction to Logistics and Supply Chain Management • Civic Studies • Smart Learning Technology • Media Literacy |
|--|---|

Core Courses

- Fundamentals of Mathematics
- Algebra and Trigonometry
- Introduction to Probability and Statistics
- Introductory Calculus
- Introductory Accounting
- Introductory Economics

Bachelor Degrees

- Bachelor of Science (Honours) Actuarial Science
- Bachelor of Science (Honours) Actuarial Science and Finance
- Bachelor of Science (Honours) Actuarial Science with Data Analytics

Bachelor of Science (Honours) Actuarial Science

(R2/462/6/0016) (04/2025) (A11179)

Due to the importance of their roles in managing risk and ensuring financial stability, actuaries need agile mathematical minds and razor-sharp analytical skills. On top of strong technical skills, the Institute Actuarial Science programme stands out for giving its students the long-term edge in their careers by preparing them for the examinations of professional boards such as the Society of Actuaries (SoA). Many of our students have passed four out of the five preliminary SoA examinations during their undergraduate study with UCSI.

Professional Recognition

Institute
and Faculty
of Actuaries

Institute and Faculty of Actuaries (IFoA)

IFoA has granted an Accreditation by Subject Agreement covering their CM1, CB1 and CB2 modules.

SOCIETY OF
ACTUARIES

Society of Actuaries

- Obtain all three VEE (Validation by Educational Experience) credits before graduation – the equivalent of core subjects needed to attain a membership.
- VEE credits may go towards other actuarial qualifications such as from the Casualty Actuarial Society and Canadian Institute of Actuaries.
- UCSI is one of a few Malaysian private universities recognised as one of SoA's UCAP (Universities and Colleges with Actuarial Programmes) schools.
- UCSI provides the most comprehensive SoA exam coverage in Malaysia.

UCSI Co-Operative Placement Programme

The industry's biggest names have offered internships to our students including AIA Berhad, Allianz Malaysia, Great Eastern Life Assurance, Prudential BSN Takafu, Tokio Marine Life Insurance, Zurich Insurance and more.

Subject Listing

Year 1

- Calculus and Analytical Geometry
- Statistics and its Applications
- Business Accounting
- Microeconomics
- Risk Management and Insurance
- Extracurricular Learning Experience 1
- Probability Theory
- Macroeconomics
- Introduction to Programming
- Elective 1
- Business Communications
- University Life
- Cooperative Placement 1

Year 2

- Mathematics I
- Mathematical Statistics
- Mathematics of Interest Rate
- Introduction to Stochastic Processes
- Falsafah dan Isu Semasa
- Extracurricular Learning Experience 2
- Mathematics II
- Applied Statistical Models
- Life Contingencies 1
- Financial Management 1
- Managerial Accounting
- Integrity and Anti-Corruption
- Cooperative Placement 2

Electives 1 and 2 (Choose two)

- Fundamental of Marketing
- Business Information System
- Introduction to Internet Technologies
- Fundamentals of Management
- Accounting Information System
- Corporate Finance
- Financial Statement and Analysis
- Investment Portfolio Management

Elective 3 and 4 (Choose two)

- Actuarial Practice
- Survival Models
- Statistical Simulation for Financial Modeling

*Optional

Year 3

- Independent Project I
- Mathematics of Financial Derivatives
- Life Contingencies 2
- Loss Models
- Elective 3
- Extracurricular Learning Experience 3
- Independent Project II
- Elective 4
- Credibility Theory
- Stochastic Calculus for Insurance and Finance
- Penghayatan Etika dan Peradaban (Local)/ Bahasa Melayu Komunikasi(Int'l)
- Elective 2
- Bahasa Kebangsaan A*
- Cooperative Placement 3

Actuary | Budget analyst | Cost estimator | Credit analyst |
Financial advisor | Insurance underwriter

Bachelor of Science (Honours) Actuarial Science and Finance

(R2/462/6/0037) (11/2027) (MQA/FA 1835)

This programme is the first degree in Malaysia to combine both fields of study. It is designed to hone competencies in financial investment management, asset valuation and risk management for various financial assets as well as provide the essential working knowledge required in the financial industry. Students will also have the flexibility to focus on either the Society of Actuaries (SoA) or other finance-related professional qualifications.

Professional Recognition

Institute and Faculty of Actuaries (IFoA)

UCSI Co-Operative Placement Programme

Our students have honed their skills with top companies in the actuarial and finance industry including AIA Public Takaful, General Insurance Corporation of India, Prudential Assurance, Tokio Marine Life Insurance, and several major banks.

Bachelor of Science (Honours) Actuarial Science with Data Analytics

(N/0542/6/0001) (08/2027) (MQA/PA 15683)

Traditionally, actuaries have used data to answer financial risk problems. However, two significant trends are transforming the world of finance: an increase in the volume and types of data, and a concentration on risk management. This programme will get students to learn about the classic actuarial approach to risk management, as well as some of the most recent areas of data science, such as artificial intelligence and machine learning, and their practical applications in finance and insurance.

Professional Recognition

Society of Actuaries

- Obtain all three VEE (Validation by Educational Experience) credits before graduation – the equivalent of core subjects needed to attain a membership.
- VEE credits may go towards other actuarial qualifications such as from the Casualty Actuarial Society and Canadian Institute of Actuaries.
- UCSI is one of a few Malaysian private universities recognised as one of SoA's UCAP (Universities and Colleges with Actuarial Programmes) schools.
- UCSI provides the most comprehensive SoA exam coverage in Malaysia.

UCSI Co-Operative Placement Programme

Our students will be able to work for companies such as MCIS Life, Hong Leong Assurance Berhad, AXA Affin Life Insurance, Deloitte, Accenture, Ernst & Young, and others in the actuarial and data analytics fields.

Hall Of Fame

JAMES KOO JIAN WEI

*Alumnus, Bachelor of Science
(Hons) Actuarial Science*

First student in Malaysia to obtain the Associate of Canadian Institute of Actuaries (ACIA).

First UCSI student to pass the SoA Fundamentals of Actuarial Practice (FAP) before the completion of his study.

Passed all five Society of Actuaries preliminary exams before the completion of his third year.

Worked at Great Eastern as Management Associate.

TAN JUN HAO

*Alumnus, Bachelor of Science
(Hons) Actuarial Science*

Passed all five Society of Actuaries preliminary exams before the completion of his second year.

Top 1% in the world in Actuarial-Lookup's speed ranking.

STUDENTS (LOCAL/ INTERNATIONAL)	QUALIFICATIONS	FOUNDATION IN ARTS	BACHELOR OF SCIENCE (HONOURS) ACTUARIAL SCIENCE/ BACHELOR OF SCIENCE (HONOURS) ACTUARIAL SCIENCE AND FINANCE/ BACHELOR OF SCIENCE (HONOURS) ACTUARIAL SCIENCE WITH DATA ANALYTICS
Local Students	SPM English Language	A minimum grade of B+	A minimum grade of B+. A pass (Grade C) in SPM English and Mathematics is needed for STPM holders.
	English language 1119/ O-Level English/ IGCSE	A minimum grade of C	
	UEC English Language	A minimum grade of A2	
	MUET (Malaysian University English Test)	A minimum of Band 2	A minimum of Band 4
	IELTS	A minimum score of 4.0	Band 5.5
	TOEFL iBT	Minimum score of 30-31	46
	CEFR	A minimum of B1 (with at least 2 skills at B1)	
	Cambridge English Qualification and Tests	Minimum score of 140	
	Cambridge Linguaskill	Minimum score of 140	
	Pearson Test of English	Minimum score of 36	
	Note: In the event that the English language requirements are not met, applicants will be required to take the Basic English and English Foundation for in-sessional academic enhancement concurrently with the programme. Applicants who have an academic qualification from a higher learning institution which uses English Language as a medium of instruction can be granted an exemption from the University English requirements and MQA requirement.		
	International Students	English language 1119/ O-Level English/ IGCSE	A minimum grade of C
MUET (Malaysian University English Test)		A minimum of Band 2	A minimum of Band 4
IELTS		A minimum score of 4.0	Band 5.5
TOEFL iBT		Minimum score of 30-31	46
TOEFL Essentials (Online)		N/A	8
CEFR		A minimum of B1 (with at least 2 skills at B1)	
Cambridge English Qualification and Tests			
(i) B1 Preliminary, B2 First, C1 Advanced, C2 Proficiency		Minimum score of 140	160
(ii) Linguaskill Online		Minimum score of 140	160
(iii) Occupational English Test (OET)		N/A	200
Pearson Test of English		Minimum score of 36	51
Note: International applicants who come from a country which uses English Language as the official language OR have an academic qualification from a higher learning institution which uses English Language as a medium of instruction can be granted an exemption from the University English requirements and MQA requirement. International applicants who do not meet the respective academic programme's English Language Requirement will need to improve their proficiency by enrolling into the English for Tertiary Education programme (R/KJP/00920-00929) which helps them prepare for attaining a required band score. Placement into the various levels of the English for Tertiary Education programme depends on the English Language qualification students have at the point of admission and/or the outcome of the English Placement Test.			

Student Testimonials

CHAN MIN ZHUO
ACTUARIAL MANAGER, FWD
Technology and Innovations

At UCSI, I was given the opportunity to attend practical courses that were taught by experienced actuaries.

That helped me to fully grasp the role of an actuary and enhance my technical skills in financial modelling.

The experience gained during the 3 years course at UCSI has contributed significantly to my professional growth in the later years.

HO PHUI PHUI
Strategy Planner, AirAsia X

My 3 years with UCSI University shaped me into an independent and analytical person. The actuarial studies built my logical thinking and problem-solving skills, which contributed a lot to my career building. I'm also grateful that the university included internships as part of the academic syllabus as that helped me to figure out what my passion for work is when I finished my studies.

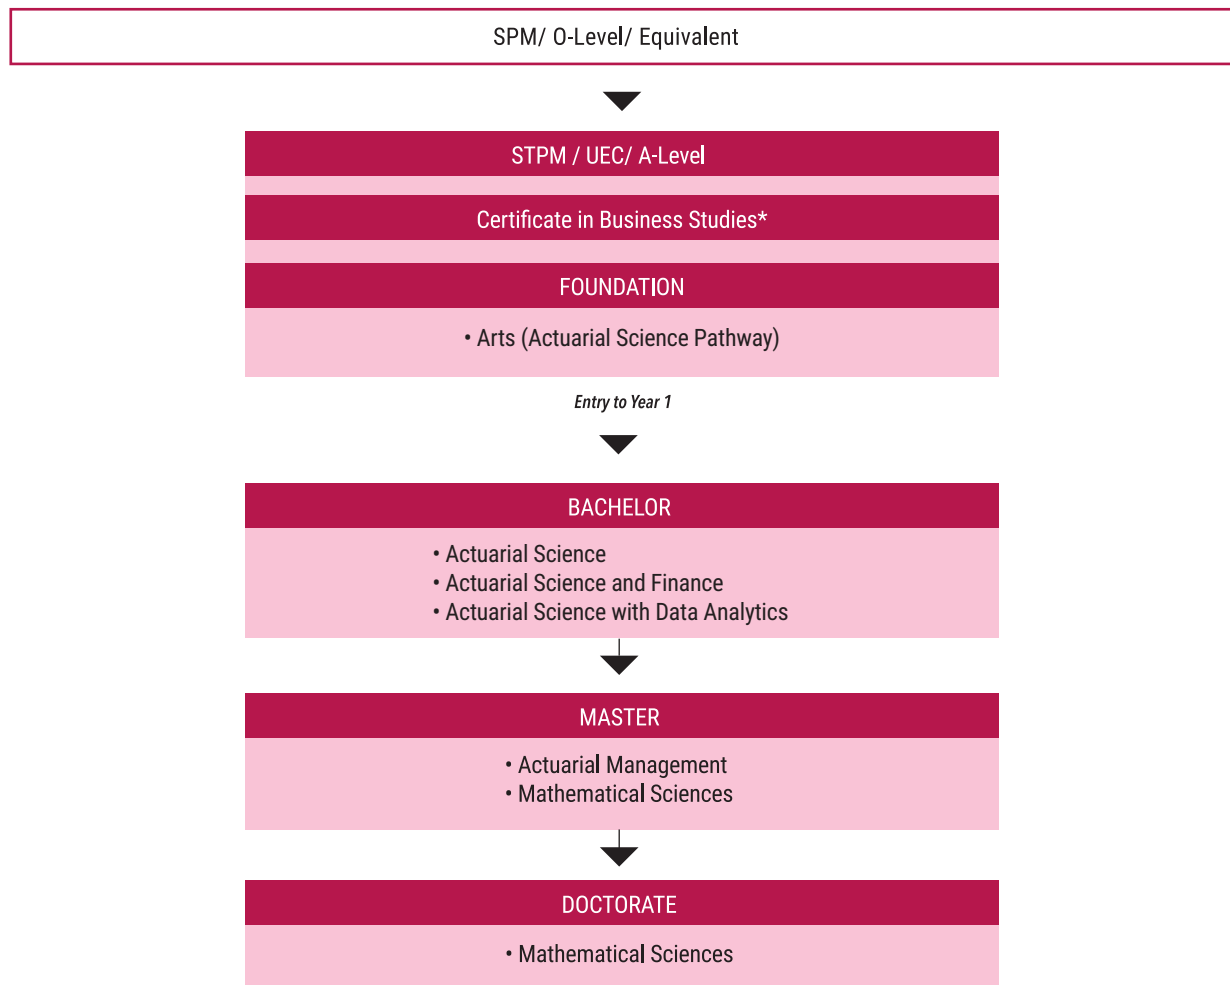

NICHOLAS LEE WEN KIT
Data Scientist, SATS Ltd.

I would like to thank UCSI University which has made me who I am today. I am grateful that I chose the actuarial science program. It helped me to build up a strong solid foundation of statistical & analytical skillsets that are highly practical on my career pathway.

I started my career journey as a risk analyst in the banking industry and progressively headed towards a data scientist role.

Today, I am proud of myself that I am able to apply AI & analytical solutions to help companies to solve various business and operational issues. Never stop learning, the industry is evolving at a rapid pace and I have to continuously improve myself to become a better me.

Educational Pathway

* Offered at UCSI College

Did you know?

Professional accrediting bodies such as Institute and Faculty of Actuaries (IFoA) and Society of Actuaries (SOA) provide professional certification as well as exemptions to UCSI students.

Past Events

The Grand Launch of IASDA

UCSI University celebrates its historic moment with the launch of its Institute of Actuarial Science and Data Analytics (IASDA) on 9 April 2022 at its KL Campus. IASDA will help meet the growing needs of actuaries and data analytics education and expertise in the country.

Mathematics of Interest Rates (MIR) Challenge

The MIR Challenge has been a valuable learning experience for students interested in pursuing a career in actuarial science or data analytics. By participating in the competition, they gained valuable skills, knowledge, and experience that will help their understanding of various concepts related to interest rates, such as present and future values, annuities, bonds, and yield curves. They also improved their proficiency in mathematical techniques such as calculus, linear algebra, and probability theory.

Eternity ASSA Night 2.0

The Actuarial Science Student Association (ASSA) organised a glamorous and exciting event called, "Eternity ASSA Night 2.0" for its members. The event, which was held at Le Quadri Hotel, brought together students from various universities and backgrounds to celebrate their academic achievements. Overall, it was also an opportunity to network and build professional relationships with their peers. The night was a testament to the strong sense of community and camaraderie within the ASSA, as well as a celebration of the hard work and dedication of its members.
