DATO' (DR) PETER NG

UCSI Group CEO and Founder

ACADEMICIAN SENIOR PROFESSOR DATO' DR KHALID YUSOFF, FASc

Vice-Chancellor and President of UCSI University

► Message from Dato' (Dr) Peter T.S. Ng

UCSI Group CEO Founder

The past few years have been eventful ones for all of us at UCSI University. To start, we were ranked as Malaysia's best private university in both the 2019 and 2020 QS World University Rankings. Classified in the top 2% of all universities in the world, UCSI is also ranked as one of the world's top 70 young universities under 50 years old and our Institute of Music is ranked in the world's top 100 for performing arts. We have enlarged our global footprint and our students are annually selected for high impact research programmes by renowned universities like Harvard, Imperial College London, Chicago, Tsinghua and Queensland. We expanded the Kuala Lumpur campus, moved to a new campus in Kuching and we can look forward to the launch of UCSI University Hospital in 2020.

While these developments are encouraging, it's good for us to look back on the long march that led us to this point. A lot of hard work has been invested since 1986 and if we take stock of the game-changing decisions that helped prepare UCSI for its moonshot, the Co-Operative Education Placement Programme would stand out as one of the best moves we have ever committed to. Launched in 2004, Co-Op started as a longshot initiative – only 21 local companies signed up – and the general perception was that internship was unnecessary. Despite the muted response, we persisted ahead with the firm belief that Co-Op would fuel the engine of job creation at UCSI.

Today, our efforts have been vindicated. With more than 4,300 companies in its network, UCSI students enjoy invaluable internships and many receive job offers while they are still studying. Co-Op's success has also paved the way for greater industry involvement and today, more and more companies are joining UCSI's Premier Co-Op programme – an initiative that sees companies providing financial support to selected students throughout their studies. Apart from funding, Premier Co-Op students also benefit from apprenticeship – an arrangement that empowers them with

FOREWORD

significantly more employer engagement compared to their peers. I would like to thank our many Co-Op partners for believing in UCSI and entrusting us with their staffing needs. May we take our partnerships to the next level.

Delving deeper, getting the inside scoop on how business is done also sows the seeds of entrepreneurship on campus. More of our students are coming up with startups and I'm heartened to know that a number have swiftly rose to prominence as seed planters and changemakers. In 2018, three UCSI alumni were inducted into the Forbes 30 Under 30 Asia for their endeavours in social entrepreneurship. Many more of our graduates are doing greatly and I'm happy to note that a number of our music students have gone on to become acclaimed performing artists not only in Malaysia, but in the region.

In this light, it is apt that UCSI was recently recognised as Malaysia's best university for alumni outcomes in the 2020 QS Graduate Employability Rankings. UCSI has always been cognisant that the proof of the University's success is contingent on the achievements of our students. So when they go on to do greatly, we know that we are doing something right. UCSI has come far and if the University is synonymous with graduate employability, it is because Co-Op made it so. This is the Co-Op legacy. And it gives us the confidence that we will prepare our students to excel at today and tomorrow's jobs.

► **Message from Academician Senior Professor Dato' Dr Khalid Yusoff, FASc**

Vice-Chancellor and President of UCSI University

UCSI University is Malaysia's best private university according to the QS World University Rankings 2019 and 2020. We are also a top three university in Malaysia for graduate employability according to the Graduate Employability Rankings 2020. These achievements speak volumes about our mission, vision and overall goals as an educational institution, and what we aspire and accomplish from year to year.

With more than 10,000 students from 110 different nations, UCSI University is more vibrant than ever before; encouraging students from all walks of life to be successful individuals with integrity, professionalism and a desire to contribute to society. One essential component is the strengthening of the relationship between the university and industry. UCSI University is synonymous with strong linkages to the industry through our Co-Operative Education Placement Programme. This programme provides students with a real and realistic perspective of the industry and the world at large. A survey by the Co-Operative Education and Job Placement Centre recently shows that 89% of the students felt more prepared for their careers after completing their Co-Op placement.

The university is relentless in developing students with an entrepreneurial attitude and management skills. In the recent employer evaluation of UCSI University students, 99.8% of them were satisfied with the students' performance during the Co-Op placement duration. I am also very pleased to note that 98% of our Co-Op partners would like to rehire UCSI interns.

Over the years, more than 30,000 students have been placed in top industry partners such as ABB Group, KPMG Tax and Services, AirAsia Berhad, Ernst & Young, Leo Burnett, Top Glove and Unilever. This is why every year the university recognises and appreciates our industry partners.

UCSI University has also launched the Premier Co-Op programme which is an approach towards intellectual and professional growth to build career success that demands continual learning and integration. In 2019, we awarded 10 companies in two different award categories: 'The Most Supportive Premier Co-Op Partner of the Year' and 'The Most Supportive Co-Op Partner of the Year'. Companies such as Averis Sdn Bhd, Top Glove Sdn Bhd, Atelier Alan Teh Architect, Worldgate Express Services Sdn Bhd and Concorde Hotel were some the winners of these awards.

As such, UCSI University is standing out amongst the best with these initiatives and with perseverance and unwavering commitment, graduates from this institution will be able to achieve their full potential and surpass all expectations.

Go beyond; Be profound: Make a difference.

Academician Senior Professor Dato' Dr Khalid Yusoff, FASc.

Vice-Chancellor and President, UCSI University

INTRODUCTION

HISTORY | MISSION | FUTURE PLAN

BUILD TO LAST

Built on the principles of audacity, perseverance, integrity and excellence, UCSI University is a leading institution of higher learning with campuses in Kuala Lumpur, Terengganu and Sarawak. Since its inception in 1986, UCSI University has been committed to furthering the discovery and celebration of knowledge.

As a Praxis University, UCSI University strongly believes in the university-industry engagement to allow its students to practise what they have been taught in lectures. The launch of UCSI's Co-Operative Placement (Co-Op) programme in 2004 is the first of its kind in South East Asia. Each student is required to obtain at least two months of internship experience at the end of each academic year, regardless of their discipline.

This programme is mandatory for students to be evaluated by the employers and also by faculty members. This would enable students to be equipped with a strong grasp of fundamental workplace practices and the underlying assumption that make them work. With greater access to higher education, competition in the workforce will only intensify and UCSI University wants its graduates to hit the ground running.

The Co-Op programme in its first year had only 21 companies signed up and only 30 students were attached to the companies. Nevertheless, year after year, confidence from the industry partners grew and consequently, more students participated in the Co-Op programme. In 2018 alone, UCSI placed more than 3,700 students in over 4,200 companies. Over the years more than 33,000 students have been attached to prominent multi-national companies such as KPMG, PwC, Publicis One, Top Glove, Nestlé and AIA Group and also reputable local companies such as Star Media Group, Genting, Astro, and Leaderonomics.

STAYING FUTURE-PROOF THROUGH THE YEARS

In each level of the Co-Op programme, students are tasked to function as a permanent worker in the company. This is well-understood by the industry partners as the Co-Op programme aims to cultivate graduate attributes such as entrepreneurship and management skills among students. Sustaining the UCSI graduate attributes and educational goals will help in enhancing the contribution of UCSI graduates to the community, society and to the country.

With the success of the Co-Op programme, UCSI University seeks to continually strengthen the engagement with the industry through the Premier Co-Op programme that was launched in 2016. This provides opportunities for the industries to work directly with a team of students and professors to contribute to the work process through research and teamwork. Through this new programme, the industry can acquire talent directly from the University.

The world has entered the 4th Industrial Revolution with the Internet of things, data analytics, data science and artificial intelligence on the rise. These developments will impact the future careers of university graduates. UCSI University is aware of this new wave and is preparing its graduates with skills to face the challenges ahead in this era.

STUDENT TESTIMONIALS

Question: In general, what do you think about UCSI University's Co-Op Placement Programme and how does this programme benefit you as a student?

I got the opportunity to learn the difference between professional skills of a Japanese engineer and a Malaysian engineer and also the Industry 4.0 pioneer country practices.

LIM TEIK JIN
Bachelor of Electrical and Electronic Engineering with Honours
Stera Vision Co., Ltd

I had the wonderful opportunity to explore the different departments of an advertising agency and understand the elements to execute creative ideas. The knowledge that I have gained through this experience will help me as I pursue my professional goals.

MAYLEA TAN PUI KUAN
Bachelor of Arts (Hons) in Mass Communication
Publicis One Malaysia

The Co-Op programme helped me gain experience and exposure with regards to working in the real world and assisted me to decide my future career path.

TOH VINCENT
Bachelor of Chemical Engineering with Honours
Frost & Sullivan

I acquired useful marketing strategies that are popular and effective in the industry. Besides that, I got the chance to know some essentials of content writing in the marketing world.

NG SHI HUI
Bachelor of Arts (Hons) English Language and Communication
Jun Lee Sdn Bhd

I acquired useful marketing strategies that are popular and effective in the industry. Besides that, I got the chance to know some essentials of content writing in the marketing world.

ELAINE
Bachelor of Science (Hons) Food Science with Nutrition
QL Kitchen Sdn Bhd

The Co-Op Placement experience has positively influenced my career goals and I am able to adapt to the "real society" in future.

CHOONG YEN THING
Bachelor of Science (Hons) Finance and Investment
Public Bank Berhad

STUDENT TESTIMONIALS

Question: In general, what do you think about UCSI University's Co-Op Placement Programme and how does this programme benefit you as a student?

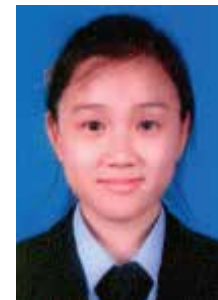

I have gained working experience that cannot be found in my lecture notes. The Co-Op experience has given me more self-confidence in choosing my career pathway in the future.

TEE LIP YIN
Bachelor of Science (Hons) Nutrition and Wellness
Signature Snack Sdn Bhd

In my opinion, it was a great chance to be in the actual working environment closely cooperating with experienced employees who were always willing to assist and guide.

LOLITA FATTAKHOVA
Bachelor of Arts (Hons) Branding and Advertising
Leo Burnett Malaysia

The Co-Op placement is a good opportunity for me to learn things that are relevant to my future career yet outside the classroom. I got deeper insight into compounding pharmacy and how it operates in Malaysia.

NG DEMI
Bachelor of Pharmacy (Hons)
Medz Compounding Pharmacy

The Co-Op placement provided me with a platform to gain professional feedback and insights of an engineering at work.

ONG SHEN ZHI
Bachelor of Chemical Engineering with Honours

Linde Malaysia Sdn Bhd

I think it is really beneficial to the students as they will be exposed to the industry and get training that supplements the lectures that they are getting in class.

NURUL ADHA BINTI ROSHAN
Bachelor of Science (Hons) Finance and Investment
Ernst & Young Tax Consultant Sdn Bhd

The Co-Op programme was a good platform for me to start a career in the future. It also strengthened my confidence level and teamwork skills.

UMA GAURI PATTU A/P RAMANI
Bachelor of Arts (Hons) Accounting and Finance
Tinakaran Construction (M) Sdn Bhd

EMPLOYER EVALUATION STATISTICS

EMPLOYERS' TESTIMONIALS

Through your partnership with UCSI University's Co-Operative Education Placement Programme, what has impressed or benefitted you the most?

Amy, the student, was keen to learn and able to understand her work rather than just follow instructions. The project she was involved in was more towards system engineering and she was able to pick up the skills in a limited time to meet deadlines.

Alan Chin Cheng Huei
Precision Control Sdn Bhd
Project Manager

Farizatul Ain Binti Abdul Hamid
Pharmacist
Medz Compounding Pharmacy

Demi, the student, was a pleasure to work with. She was very organised and grasped our system very quickly. She has proved to be a very reliable intern and very hardworking.

Oskarina Dagusti Effendy, the student, was able to multi-task so she helped us a lot especially in handling administrative work and she handled guest requests and enquiries effectively.

Nyoman Sekarini
Hotel Indigo Bali Seminyak Beach
Guest Service Supervisor

Eugene Ong
Ranhill Worleyparsons Sdn Bhd
Location Engineering Manager

We were happy to receive a few dedicated and sharp students who were able to undertake tasks independently and follow up till completion.

EMPLOYER TESTIMONIAL

Question: Through your partnership with UCSI University's Co-Operative Education Placement Programme, what has impressed/benefitted you the most?

I was impressed with the student's good attitude, time management and responsibility to the assigned task. The intern was able to comply with all on-going tasks given.

Ir Tsang Kian Hoe
Perunding P.L.A
Associate

Victor Aldabalde
Lion & Lion Digital Agency
Art Director

The student's discipline and skills impressed not only me but the whole department. As she was the first intern from UCSI to join our team, we had a very good impression of the University and their education methodology.

Anwar possesses the know-how and know-what even if given a task which he has no experience in. He has the right mindset when given tasks to solve something that is rare among all previous interns. UCSI has covered these soft skill elements apart from the technical syllabus in the curriculum.

Tiong Ing Ho
AirAsia X
Technical Services Manager

INDUSTRY ENGAGEMENT

JAPAN INTERNSHIP PROGRAMME 2019

INDUSTRY AWARDS 2019

PREMIER CO-OP

Thank you for your participation in the UCSI Career Fair 2019

The UCSI Career Fair held on 3rd July, 2019 successfully attracted approximately 1400 students. There were 40 companies from different industries participating this year, namely Alliance Bank, Allianz Life Insurance, Linkk Busway Systems, OYO Rooms Hospitality, Resorts World Genting, Swisslog, AIA Shared Services, OCBC Bank, Public Bank, Continental and Top Glove among others. Most of these employers were looking for talents from UCSI University.

Students took this opportunity to speak to the hiring teams and submitted their CVs at the Career Fair. The feedback from students was that the career fair was a good platform for them to engage with industry partners. They were glad to see reputable companies participating in the Fair.

INDUSTRY ENGAGEMENTS M100 CHALLENGE

Twenty competitive teams comprising UCSI University students improved their teamwork and communication skills through completing challenges presented by the employers in this fun-filled experience! While physically and mentally challenging, it was ultimately rewarding as the winners walked away with a total of RM9000 in cash prizes on 6th July 2019! The participating companies in the M100 Challenge at UCSI University included Vinda Group, Berjaya Corporation, Malaysia Airports, Nestle Malaysia, Great Eastern Life Assurance, RHB Bank, OCBC Bank, Evonik Malaysia and Teach for Malaysia. The grand prize winners were undergraduate students from the Actuarial Science as well as the Finance and Investment programmes. The grand prize was presented by Issac Hee, Managing Director of GTI Media and Roy Goh, Manager of Student Affairs and Alumni, UCSI University.

Organised by

In Partnership with

METI JAPAN INTERNSHIP PROGRAMME 2019

12 UCSI students were shortlisted by the Ministry of Economy, Trade and Industry (METI), Government of Japan for the Japan Internship Programme 2019.

They represented Malaysia in this programme from September to November 2019. The selected students were from Engineering, IT, Actuarial Science and Psychology programmes.

UCSI INDUSTRY AWARDS 2019 WINNERS

STAGE 1: UCSI INDUSTRY LEADERSHIP PROGRAMME (ILP)

Benefits of ILP for Premier Co-Op Partners:

Candidates recommended and screened by university.

Access to a pool of talents that is ready for the job through the ILP

Enhance organization's branding and reputation among the students in the University.

Premier Co-Op ILP Partners:

PREMIER CO-OP

The Premier Co-Op concept was launched in 2016 with the aim to bring the partnership between UCSI University and selected industrial partners to a greater height through three mutually beneficial initiatives.

Industry Leadership Programme (ILP)

Multidisciplinary Case-based Studies (MCS)

Industry Scholarship Programme (ISP)

Stage 1: Industry Leadership Programme

Top students will be recommended for an interview to be selected by Premier Co-Op partners for a mentorship programme starting from the first year or second year of their undergraduate study.

Benefits for selected students:

- Confirmed employment from year 1
- Mentorship experience with top industry partners
- Secured employment before graduation

Stage 2: : Multidisciplinary Case-based Studies (MCS)

Stage 3: Industry Scholarship Programme

Averis Sdn Bhd has sponsored two students from Bachelor of Arts (Hons) Accounting and Finance in UCSI University for two consecutive years from 2017 to 2018.

Connie Yap Choy Mei
2017 Averis Scholarship recipient

Choo Zhen Chang
2018 Averis Scholarship recipient

Connie Yap Choy Mei (left) and **Choo Zhen Chang** (right) have been awarded by Averis Sdn Bhd a full scholarship of tuition fees amounting to **RM 52,200** for three years of study in UCSI University.

PREMIER CO-OP PARTNERS

PRAXIS CENTRES

In Ancient Greek, Praxis® described an activity involving free men. In ethics, economics and politics, Praxis signifies a practical emphasis where the end goal was action. Interpretation was pointless without it and theory had to result in practice.

In the same light, UCSI University is advocating the Praxis model as we believe that an academic approach should expand your horizons, not limit it. It should exhilarate you, not bore you.

Above all, UCSI seeks to connect students to today's world of end-to-end responsibility, not insulate them from it - because we believe that good work should always be practised, not said. Go beyond the classroom at UCSI: The Praxis University.
