

MASTER OF CLINICAL PHARMACY PRACTICE

(MQA/PA 7999)

If you are a pharmacist working in primary care, in a hospital setting or community pharmacy and wish to further develop your skills and knowledge in patient care, then the Master of Clinical Pharmacy Practice will be of interest to you. This programme aims to nurture pharmacists on the latest knowledge in pharmaceutical care as well as the skills required to deliver patient care safely and effectively. The Master of Clinical Pharmacy Practice is offered in two professional pathways: 1) **Hospital Pharmacy Pathway** or 2) **Community Pharmacy Pathway**.
