

# MASTER OF EDUCATION

## BUILDING THE FUTURE OF EDUCATION

---

Designed to provide graduates with advanced knowledge and a range of specialised skill sets to be an effective educator, the Master of Education offered at UCSI University is a research and practical oriented based programme. In line with the current shift towards knowledge-based economy to raise competent and academically qualified educators, the programme nurtures independent thinkers with adaptability to manage their role effectively, be equipped with high critical thinking as well as problem-solving skills to deal with the demands of new developments in the fields of different educational settings. Students who aspire to be teaching professionals would be required to complete the taught modules and the learning outcomes that incorporate important attributes. This programme focuses on the current issues and trends.
