ORIENTATION

SEPT 2023 INTAKE

TABLE OF CONTENTS

It is my distinct pleasure to welcome the class of May 2023 intake to UCSI University and my heartiest congratulations to all of you! I know making it here is no easy task, but I can assure you that all the hard work you've put in to arrive here, is worth it.

Today marks the start of a new chapter in your life. A chapter that will surround you with countless opportunities and transform you in ways you cannot yet imagine. Over the next few years, the university and classes will challenge you. The people here will inspire you. The experiences and the independence will make you mature. All of this will change you. You may feel overwhelmed at times, and that's okay. Embracing change is essential to growth and the most important thing behind learning.

Just to share with you a story about change. I think most of you have seen this incident that happened few years ago, where Cristiano Ronaldo picked up two glass bottles of Coke at his table, set them aside, and held up a bottle of water instead, during a press conference. It created ripples throughout the stock market and the stock market for Coke plunged. When I was in school, 30 years back, Coke was among the top brands in the market. The image of drinking Coke was "cool."

Fast forward to today, drinking Coke is no longer "cool". It's just a sugary drink that could potentially lead to prediabetes if consumed religiously. What changed? The image of consuming Coke changed. What we can learn from this, is that nothing is constant. Every moment that you are learning, you are changing. And every time you come back home from class, ask yourselves. Have I changed for the better? Attending a 90-minute physical class is hard work but it's only worth it if you have changed inside. Whether it's intellectually or behaviourally, change is the most important thing behind learning.

You will learn fast and as far as learning is concerned; you've certainly come to the right place. Many of you would probably know that UCSI University is synonymous with academic excellence and graduate outcomes.

The 2023 QS World University Ranking classifies UCSI in the top 0.9% of all universities worldwide. UCSI climbed 63 spots to be ranked 284, placing it among the world's top 300 varsities. Our pursuit of excellence is also reflected in individual disciplines. According to QS World University Rankings (WUR) by Subject 2023, UCSI University's best performance is in Performing Arts which ranks 21 in the QS WUR by Subject 2023 and still maintains the first position in Malaysia.

Hospitality and Leisure Management climbed to 34 from its previous rank of Top 40. The University's Petroleum Engineering subject is currently in the Top 150 in the world, UCSI broke into the top 200 in the fields of Arts and Design, as well as Business Management Studies. It also rose 58 spots to finish in the Top 330 in Social Sciences and Management. UCSI was ranked in Pharmacy and Pharmacology for the first time, breaking into the TOP 300. Meanwhile, Chemical Engineering studies remain in the Top 300 and Medicine is in the Top 600.

Other disciplines are also progressing positively, and we will continue to do more, particularly in the areas of research and development (R&D), industry outreach, and community organisations. By expanding our global footprint, we can provide our students and staff with opportunities to reach their fullest potential. The opportunities I'm referring to are invaluable experiences at renowned institutions like Harvard, Imperial College London, Chicago, Tsinghua, Queensland, and RMIT, among others. These universities select our students to pursue advanced cutting-edge science projects on an annual basis and many

have seized the golden opportunity.

University life is all about exploring and unleashing your hidden skills and strengths. I strongly encourage you to experience varsity life at its fullest with your peers and seniors. Discover what's truly important for you in life and the values you want to live by.

As you embark on this new journey in life. There are some things that you will remember, there are some things that you will forget, and some things that might just change how you view campus life altogether. But throughout this journey, I hope that you will learn from each other and respect one another – even if at times you may not understand their point of perspective. This is your community now, and your community is strong because you are made of diverse backgrounds and experiences. Being a new student also means that you're the most powerful student on campus because you have the most time ahead of you here. Welcome to your new home! and I hope that all of you will have an amazing time here at UCSI University.

Thank you.

Professor Datuk Ir Ts Dr Siti Hamisah Binti Tapsir, FASc
PJN, JSM, DPMS MSc Civil Eng (Lowell), PhD Civil Eng (Leeds) Hons FAFEO, FIEM, PEng, PTech (ENG)

UCSI Group Holdings Sdn Bhd CEO and UCSI University Vice Chancellor

FOREWORD BY DEPUTY VICE-CHANCELLOR, STUDENT AFFAIRS AND ALUMNI

Welcome to UCSI University and congratulations to all of you. As you embark on a new journey in life, here's wishing you many moments of success and achievements. We are proud of your achievements and happy to see you joining us today.

We'd like to start by congratulating you on your dedication to keep learning and improving yourself. Entering a university is the proper decision to make since it emphasises academics and research, student development, and alignment with industry development.

There are over 12,000 students at UCSI University across three main campuses in Malaysia. This includes international students from 110 different countries. The abundance of cultural diversity on campus will keep you interested and on the correct track to a world of collaboration and interaction with diversity. Our lecturers and faculties uphold the highest educational standards as we endeavour to provide you with the best learning experience.

With over 4,700 industry partners, our University offers a unique opportunity to gain practical knowledge from the best, and even secure a job placement during your academic studies. We start students off on their career path and growth at the university with reputable and dedicated employment and career centre, and this is implicit. This one-stop centre helps students to write a resume, locate internships, and obtain employment with respected businesses and industries. Come join us and discover for yourself!

Importantly, the Student Affairs and Alumni department will support your development and growth during your time here through collaboration, camaraderie and student leadership. Students are represented by the Student Council at various levels of policy-making, from the Council's monthly sessions to the University's Top Management meetings. Student clubs on campus also offer a wide range of activities from sports, arts, science, and research to community projects.

For a successful progression in academic studies, a healthy body and mind are of utmost importance. Our Sports and Recreation department has various facilities to assist you with your physical well-being, whereas our Student Development and Counselling department will support your academic and personal growth.

As we enter into the transition of the endemic phase that is filled with many unique opportunities, it is with great enthusiasm and optimism that I invite you to join us at UCSI University. From all of us at UCSI, I wish you every success in your pursuit of higher education! Thank you.

Professor Dr Yeong Siew Wei
Deputy Vice-Chancellor, Student Affairs and Alumni

FOREWORD BY PRESIDENT, UCSI UNIVERSITY STUDENT COUNCIL

"And once the storm is over, you won't remember how you made it through, how you managed to survive. You won't even be sure, whether the storm is really over. But one thing is certain. When you come out of the storm, you won't be the same person who walked in. That's what this storm's all about."
– Haruki Murakami.

This quote reminds us of the chain of events that have led up to this moment, particularly the COVID-19 pandemic. It is a pleasure to see students here braving the face of adversity with determination. Thank you for being part of UCSI University. Indeed, today marks the beginning of a new semester and a new phase of life for most of you.

You are now officially responsible for yourself, your classes, your activities, social lives and ultimately your future; welcome to adulthood! At UCSI, we have over 80 clubs and associations for you to choose from. Bear in mind that being in a university is about having the opportunity to try something entirely new, to get out of your comfort zone, and to expand your network.

In the QS World University Rankings 2023, UCSI University is ranked among the world's Top 300 varsities. In conjunction with that, the Student Council plays an important role in organising beneficial events like Extra-Curricular Awards Night, Cultural Night, the Sports Carnival, and many other club activities. Students who excel in extra-curricular activities will be awarded during the Extra-Curricular Awards Night which will be organised annually.

During your time here, be sure to relish each moment. Nothing is impossible. Just remember: Don't limit yourself, challenge your limits. Where you are right now doesn't have to determine where you'll end up. No one has written your destiny for you. Here at UCSI University, you write your own destiny.

All of you here are special in your own way. Start to aim high, think big, be optimistic and dream the impossible. Whether to have an enjoyable university life or an ordinary university life: The choice is yours. Remember, you too, can make a difference.

The Student Council represents the students where they can voice out their concerns and serves as a platform of communication between the students and the University's management. If you face any difficulties or problems, feel free to approach us. We will do our best to help you. Till then, I wish you all best and have a great future at UCSI University.

Bryan Choo Ka Kin
President, Student Council, UCSI University

FOUNDATION STUDIES

UCSI University presents students with a choice of enrolling in the Foundation in Science or Foundation in Arts programme. Our Foundation programmes lead into our own undergraduate programmes and equip students with critical thinking and independent learning skills.

Our students' learning experiences are further enhanced and value-added with our unique "Professor Engagement" sessions embedded into our Foundation courses. These sessions help kick-start the students' research interests by exposing them to various industrial, environmental and research areas under the guidance of UCSI University's very own professors who are at the forefront of their field of expertise!

UCSI University's **Faculty of Applied Sciences (FAS)** is one of Malaysia's leading hubs of scientific study. Established in 1999, the Faculty stands out for the quality of academic teaching and research in Biotechnology, Food Science, Nutrition, Wellness, Forensic Science, and Aquatic Science.

The Faculty is home to intelligent and ambitious individuals who target a fast-track career in science. Our students go beyond themselves in every endeavor and the Faculty provides them with a myriad of avenues to shine. The Faculty frequently enjoys an impressive haul of intervarsity awards and many of our undergraduate students steal a march on their postgraduate counterparts by publishing their research findings in scientific journals.

Success is an integral part of the Faculty's identity and character. As a student, you can look forward to numerous opportunities to realize your potential. Learning will take you from modern classrooms to state-of-the-art laboratory facilities. You will learn from respected academics who are at the forefront of research in their respective disciplines. The knowledge you obtain will serve as the bedrock for further specialization. And your experience will be nothing short of immense.

The **Faculty of Pharmaceutical Sciences** has an established track record of 23 years with dedicated academic staff and cutting-edge teaching and research facilities. The Faculty is one of the pioneers of pharmaceutical education in the private sector. The Faculty stands out with student-focused, top-quality education and research in Pharmacy, Formulation Science, Pharmaceutical Chemistry, Pharmaceutical Technology, Clinical Pharmacy Practice and PhD in Pharmaceutical Sciences.

The Faculty has produced over 1,400 pharmacists since year 2000 with full national recognition. Our innovative teaching methods emphasize the praxis model with community engagement and collaborations with hospitals, community pharmacies and leading industries and SMEs.

Our first-class international faculty are specialists in their fields, empowered educators, and innovative researchers. Our faculty staff and students are actively involved in various community outreach programme with the Ministry of Health. Our students are annually selected for research attachment programmes at World's Top Universities.

Success is not just what we accomplish in our life,
" it is about what we inspire others to do

The **Institute of Computer Science and Digital Innovation (ICSDI)** was established to advance innovation through technology and to ensure its graduates are prepared for various kinds of real-world challenges. Its roots can be traced back to the mid-1980s to the vision of the UCSI University Chairman, Dato Peter Ng.

As such, programmes offered by the Institute are skewed towards specialisation for niche industries of the 21st Century. Students are trained in the fundamentals of Computer Science to tackle complex challenges and build their competencies in various branches of Computer Science and Information Technology.

Over the years ICSDI has established relationships with key industrial partners. With these partnerships, students are given opportunities that would shape their mind towards developing cogent ideas for business solutions.

The faculty consists of a strong team of leading senior researchers as well as a mix of young minds. Many of the alumni are involved in various positions in the industry as well as related careers.

In ICSDI we assist and challenge you to reach greater heights!

The **Faculty of Business and Management (FBM)** is one of the largest faculties in UCSI University. At FBM, we seek to promote interdisciplinary approaches – a strategy that has contributed immensely to many of our students' achievements. As part of the Faculty's philosophy in effecting positive change through transformative education, our programmes have been specifically crafted to cultivate an authentic learning environment – one that fuses innovative teaching and learning practices with strategic partnerships and research.

At UCSI University, we believe that dialogue is a form of profound human communication. The Faculty places great emphasis on annual programme review meetings as constant interaction with parents, subject experts and industry practitioners which is imperative in ensuring that the programmes remain relevant to industrial needs. The feedback sessions also pass as a watershed in our efforts to groom high-calibre market-driven graduates.

Welcome to the **Institute of Actuarial Science and Data Analytics (IASDA)** of UCSI University, KL Campus!

Please allow me to introduce to you a little bit about IASDA and UCSI University. UCSI University is ranked 284 in the QS World University Rankings (QS WUR) 2023, placing it among the top 0.9% of the world's universities, one of the top universities in Malaysia, and the no. 1 private university in Malaysia.

IASDA offers a comprehensive range of industry-relevant actuarial science-related programmes that cover the crucial areas of actuarial science, finance, data analytics, and mathematical sciences at the undergraduate and postgraduate levels. At IASDA, we strive to be a future-ready, industry-relevant leading sustainable praxis academic institute in mathematical sciences research, with outstanding professional and industry recognition, and engagement to practice. We aspire to create a profound impact in the industry, academia, and society through our future-ready graduates and industry-relevant research and development activities. We will prepare you to be successful, market-ready professionals through our strong emphasis on industry-relevant programmes with recognition from the relevant professional bodies, excellent teaching, high-impact research, and high-quality publications, as well as strong and sustained collaboration with industry practitioners. Our programmes are taught by academically and professionally qualified lecturers with expertise in the various fields of mathematical sciences. Our programmes are reviewed and revamped regularly to ensure that the syllabus meets the requirements of the relevant professional bodies and accreditation agencies and remains relevant to the rapidly changing insurance and finance industries.

We care about you, not only academically, but from all angles to help you grow and become successful in your respective fields. I look forward to working with all of you and am happy that our paths crossed today.

UCSI GRADUATE BUSINESS SCHOOL

UCSI GRADUATE BUSINESS SCHOOL

UCSI Graduate Business School (UCSI GBS) is one of the leading business schools in the Asian region. This is a school where new perspectives and knowledge are created by engaging cutting-edge technology in teaching, impactful research, and extensive collaboration with the industry. The school is committed to equipping students with the skills and knowledge needed to thrive in the global arena and connect them with best practices in business.

We offer a wide range of Master's and Doctorate programmes in response to the business world and global market demands. Our academic team are international experts in their respective fields and have engaged in research activities and consultancy projects worldwide. UCSI GBS is currently ranked 200 in the 2023 QS World University Rankings by Subject under the Business and Management Studies category.

The **Faculty of Engineering, Technology and Built Environment (FETBE)** came into existence in 2007 as a result of a synergetic merger between the School of Engineering and the School of Architecture and Built Environment, which were established in 1992 and 2005, respectively.

Supported by decades of accumulated experience in the education and industrial sectors, the faculty has evolved rapidly to become one of the most prestigious and innovative providers of engineering and architectural education, not only in Malaysia but throughout the region. Notably, the faculty offers a wide range of undergraduate and postgraduate programmes that have gained national and international recognition.

Over the years, FETBE has actively engaged with the industry and oversea institution partners to provide unique learning experiences for students. Since 2017, our engineering students have been selected to conduct high-impact research with various renowned universities in Australia, China, Japan, Taiwan, the United Kingdom and etc. FETBE has also worked closely with different industry partners as stakeholders to enhance the quality of programme curriculums continuously in order to produce competitive graduates.

To date, FETBE has received the hardware and software sponsorship worth more than RM 60 million from the industry to provide exposure to students about state-of-art technologies adopted in the industry. Recent achievements of FETBE are the emergence of Chemical Engineering in the Top 400 whereas the Petroleum Engineering programme remained in the Top 150 of QS World University Rankings by Subject 2023.

FACULTY OF HOSPITALITY AND TOURISM MANAGEMENT

UCSI University's **Faculty of Hospitality and Tourism Management (FHTM)** is one of the most forward-thinking school of thoughts in Asia-Pacific that stands out for excellence, diversity, relevance, and industries reach. It is dedicated towards the peak of the quality of expertise and skilled human capacity development for one of the fastest growing industries in the world. This is achieved through our curriculum that integrates adventure and fun within the specialised areas of hospitality, tourism, leisure, travel, culinary arts, recreation, and events.

Our variety of programmes offers teamwork, leadership and service etiquettes through experiential learning, collaborative learning, discovery learning approaches to develop talent with the right attitude for analytical and decision-making skills to get ready for co-operative structured internship programmes with the top global industry players and concur future senior management and executive positions.

FHTM is housed at one of Malaysia's foremost private universities, the Faculty is a hub of discovery. Its presence in Kuala Lumpur and Kuching – two of Malaysia's most popular tourist destinations – sees it providing diverse learning experiences few other schools can.

FACULTY OF MEDICINE AND HEALTH SCIENCES

Faculty of Medicine and Health Sciences works to advance healthcare through medical courses. Our mission as a medical school is to groom tomorrow's doctors and healthcare practitioners to heal, care, and make life better for local, national, and global communities. To this end, we seek to equip the best people with the best ideas, skill sets and ethics to make a telling difference in all they do.

The fight to alleviate human suffering from diseases is a complex one. New complications arise constantly, and medical advancement must follow suit. We understand this at the Faculty of Medicine and Health Sciences and our students are groomed to possess a thorough understanding of human diseases. With a focus on five key areas - basic medical services; clinical and therapeutic methods, procedures and investigations; community and family medicine; communication skills; and professional competence - the curriculum is designed to produce highly skilled doctors capable of meeting future medical challenges and advancing healthcare. Our medical courses are suited for those who aspire to make a difference and advance research in top medical universities such as Harvard and the University of Melbourne.

The faculty offers a wide range of medical courses, optometry courses and nursing courses. Reaching out and making the world a better place is what we strive for. The Doctor of Medicine Phase 1 (pre-clinical), Phase 2 (clinical), and Nursing programs are conducted at the Springhill campus. Bachelor of Optometry (Hons) and MSc (Healthy Aging, Medical Esthetic And Regenerative Medicine) are held at the Kuala Lumpur campus.

The **Faculty of Social Sciences and Liberal Arts (FOSSLA)** offers programmes at the foundation, undergraduate and postgraduate levels in the disciplines of Education, Mass Communication, Psychology, English Language and Communication. More academic programmes will be offered in the near future to meet the increasing needs of the industry. Detailed information on the programmes and facilities supporting teaching, learning, research, scholarly and creative activities is available in the relevant sections of the FOSSLA website.

Our vibrant, dedicated, and creative team of faculty members are committed to innovation and excellence in teaching and research for the development of intellectual and creative endeavors. Various innovative teaching and learning methodologies are adopted with emphasis on student-centred approaches, e.g. group discussions, problem-based learning, oral presentations, practical/hands-on laboratory, studio sessions, team-based projects, self-directed learning, and co-operative/internship placement.

With this, students gain exposure to relevant industrial areas via external field trips. These include, among others, the Malaysian Parliament, radio and television broadcasting centres, and art and design galleries. Guest lecture series, industry talks, and workshops are conducted regularly to support the students' professional development.

INSTITUTE OF MUSIC

Recognised as a Global Top 21 University for performing arts by the QS World University Rankings by Subject in 2023, UCSI University's **Institute of Music** is Malaysia's premier music school in both the classical and contemporary music fields. The Institute has empowered students to chart careers in music for over 30 years and it is at the heart of the Malaysian music industry.

There is perhaps no other music school in Malaysia that is more constantly and consistently referred to than the Institute of Music. Much of this stems from the gold standard the Institute has set, both in academia and the industry. Many of the who's who in the Malaysian music circle teach, once taught or studied at the Institute. Accomplished musicians from around the world are also part of the academic faculty. The Institute has opened doors for more than 1000 students to date and it continues to do so for hundreds of aspiring musicians each year. Many students make their name while they are still studying and this is a hallmark the Institute is proud of.

Professor Dr P'ng Tean Hwa
Director, Institute of Music

The Registrar's Office performs a vital function in the university's administration. The primary responsibility of the Registrar's Office is to uphold the sanctity and to maintain the integrity of the University's records.

Location : 2nd Floor, Block A, UCSI University, KL Campus
Office hours: 9.00am – 5.30pm, every Monday – Friday
9.00am – 12.30pm, every Saturday
Closed on Sundays and Public Holidays
Contact : registrar@ucsiuniversity.edu.my

Functions associated with the Registrar's Office include, but are not limited to:
• Initiating and maintaining the permanent academic record of each student
• Maintaining the accurate records of all courses and curriculum requirements
• Managing the Course Selection process
• Enrolment and degree verification
• Verification of student information
• Issuance of Academic Transcript
• Graduation and awards

Below are the important weeks to remember, although variations could occur. These dates are also outlined in the academic calendar available on IIS.

IMPORTANT WEEKS	LONG SEMESTER
Last Day - Add/Drop course, programme transfer & deferment	Week 3
Last Day – Add/Drop course (with penalty)	Week 6
Last Day – Withdraw course (no refund)	Week 8
Course Selection (for next semester)	Week 13
Release of Exam Slip – (Self printing)	Week 15
Examination Begins	Week 16

Note: The Add/Drop period is for students to add/drop course(s) after the course selection period. However, this option is only available once the students has completed the course selection.
* *Please liaise and consult with Head of Department should there are any queries on which courses the students should be taking for the semester.*

Below is the process flow for new students to complete:

1. Accept UCSI's Terms and Conditions of admission.
   (Duly complete Appendix 1 and submit to Admissions Office)
2. Complete the declaration in the Integrated Information System (IIS) as shown below:

> Go to **http://iis.ucsiuniversity.edu.my (UCSI Student Portal)**
> Key in your User ID and Password provided.

> Upon successful login, you will be prompted to **change your password.**
> *Your student ID will be used to access the UCSI University's Wi-Fi, student email, IIS, etc.
> So please **DO NOT** share your password with anyone!

> Please complete the following if you log in for the first time:
>
> 1. Check your **particulars** under "Profile".
>
> 2. Acknowledge your student declaration under "Activities"
>   (if you do not see a **"Student Declaration"** link, it means that you have put in your acknowledgement).
>
> 3. Perform **Course Selection** under "Activities".
>   After completing the Course Selection, you can check the status of the approval under "Tools & Tasks".
>
> * Please refer to your Head of Department if your course selection has not been approved for more than a week.

3. Complete the full settlement of the Initial Tuition Fee **(As stipulated in Appendix 2)**
4. Fulfil all the admission conditions:
   a) Upload a passport-sized photograph (colored with white background) in IIS.
   b) Submit the certified copy of admission documents **(SPM/ O-Level/ STPM/ A-Level/ Diploma certification and transcript/ any academic document)**.
   c) Complete any other conditions as stipulated in the Letter of Admission **(Appendix 1)**.
5. Report to UCSI University.
   Details such as Date & Venue is available in the Letter of Admission.
6. Fulfill the English requirement **(if applicable)**
7. Visa Approval Letter/ Visa status **(International Students Only)**.

Note: Items 1 – 4 should be completed prior to the Orientation Day.
*Note: Course selection will **NOT BE AVAILABLE** if any of the above items are **NOT FULFILLED**.*

REGISTRAR'S OFFICE

COLLECTION OF STUDENT ID
- Student ID card shall be made available when:
  (a) Signed **Appendix 1** of Admission Letter has been **returned to Admission Office/ Registrar's Office**, and
  (b) A copy of the passport-sized photograph (colored with white background) has been extended to Admission Office/ Registrar's Office, and
  (c) **Fees** as stipulated in Appendix 2 of the Admission Letter have been **cleared**.
  (d) Open HLISB bank account (applicable only to HLISB ID card).

REQUEST FOR DOCUMENTS
Students are allowed to request for documents such as verification letters, academic transcripts, completion letter, acceptance letters etc., subject to clearance by Finance Department. Students would need to apply for such documents through several platforms such as the IIS Portal, email or walk-in request

Note: Official Academic Transcripts and Completion Letters are only applicable for Completed Students.

ACADEMIC CALENDAR
Please refer to the Academic Calendar for all the important dates. This is available on the IIS portal and UCSI website.

STUDENT HANDBOOK
Please refer to the student handbook available on the UCSI website for any clarifications needed throughout the students' duration of study in UCSI University.

Step 2: Enter password for verification.

Step 3: Click **Save My Decision** to proceed

You have digitally signed the offer letter and can view the declaration accepted.

Paying Fees

Pre-Course Selection (CS) Stage:-
1. Student Declaration   √ Completed
2. Pay fee (fee information page)

Step 1: Click on Financial Statement

Online Payment Confirmation

Step 4: You can adjust the amount and click Distribute to allocate

Step 5: Tick the checkbox to agree with the policy

Step 6: Choose the payment method and proceed

Step 3: Click Pay Now

Course Selection Process

Definition
A process to select the courses you plan to study for the next semester.

Frequency
Before the next semester begins.

How do I know what courses to select?
Refer to the Y-Table, which will assist you in selecting your courses. If you are unsure, please refer to your respective school or department for advice.

Step 1: Click **File Number** to proceed

Step 2: Click **Begin Course Selection**

Step 3: **Read and understand the Terms and Conditions**

1. You are advised to select courses ONLY if you plan to continue your studies for the coming semester because a fee will be charged once your Course Selection is approved.
2. Once the Course Selection is submitted and approved:
3. The Group Finance Office will bill you on the number of approved subjects.
4. You need to pay the tuition amount based on the number of the approved subjects.
5. Facilities fees, insurance, medical plan, lab consumables, and resource fees will be charged to all active students (including students taking Co-op subjects). A repeat fee will be charged for repeating the Co-Op subject.
6. A student with an outstanding fee is unable to access in-campus Internet Wi-Fi, Learning Management System (LMS)/ Course Network (CN), IT and library services of the University's Computer Services Department. The department will reinstate the access once the overdue fees are settled.
7. In the case of dropping the approved subject and withdrawals from the university, the above item 2(a) will be charged.
8. If the withdrawal is submitted after the semester's commencement date without informing the Group Finance Office (via Withdrawal Form), the university has the right to impose a charge on tuition fees until formal notification is received. In this case, a refundable deposit will be used to offset any outstanding tuition fees.
9. In the case of Late Course Selection (after the semester has started or after the Course Selection Week) you will be given a due date for making payment, i.e., four (4) working days after the approval of the Course Selection. A late payment charge will be imposed after the due date. In this case, the University will NOT post any pre-billing to your address and you will have to obtain the pre-billing immediately from the Group Finance Office. You may also obtain your fee information from the IIS website or contact to the Group Finance Office at 03-9101 8880 or email them at: finance@ucsigroup.com.my to provide your email address or fax number to forward your pre-billing. The rest of the Course Selection Term Condition under Item (1) to Item (3) of the above still applies.
10. **Visa Renewal - Fees Payment Policy for International Student:** For all international students, if the submission of your visa renewal falls at the same time as your Course Selection period, you must pay the fee that commensurate with the Course Selection is not due, you must first settle all your outstanding tuition fees for the present semester.
11. **For all scholarship recipients of UCSI University Trust, the continuation of your scholarship is subject to your current semester's academic achievement. If you do meet the minimum CGPA requirement, your scholarship will be terminated. Therefore, you are required to pay the FULL tuition fee for the coming semester.**

** All scholarships awarded by UCSI University Trust, which also include scholarships offered through The Star Education Fund, Sin Chew Daily Education Fund, TheSun-MAPCU Higher Education Scholarship Fund, Nanyang Tertiary Education Fund

☑ I hereby agree with the above Terms and Conditions

RECOMENDATION FROM THE UNIVERSITY

The institution encourages a healthy learning environment. Hence, you are advised not to choose the classes that exceed total 3 hours of continuous learning session.

Course Name	Credit Hours	Edit/Drop	Remarks
BBA1013 Introductory Accounting	3	✏	
BBA1043 Financial Management 1	3	✏	
BBA1053 Financial Markets and Institutions	3	✏	
Report Total:	9		

Step 11: Review selected courses.
        Then scroll to the bottom of the page and click **Proceed to Confirm Your Selection** button

Step 12: New invoice will appear. You will see the tuition for the selected courses.
        Click on **Confirm and Submit** button to submit for approval.

New Student – 3 Processing Stages

Pre-Course Selection (CS) Stage:-
1. Student declaration ✓ Completed
2. Pay Fees (*Fees information page*) ✓ Completed

During-Course Selection (CS) Stage:-
1. Select courses ✓ Completed

Post-Course Selection (CS) Stage:-
1. Login to LMS
2. Enroll classes in LMS
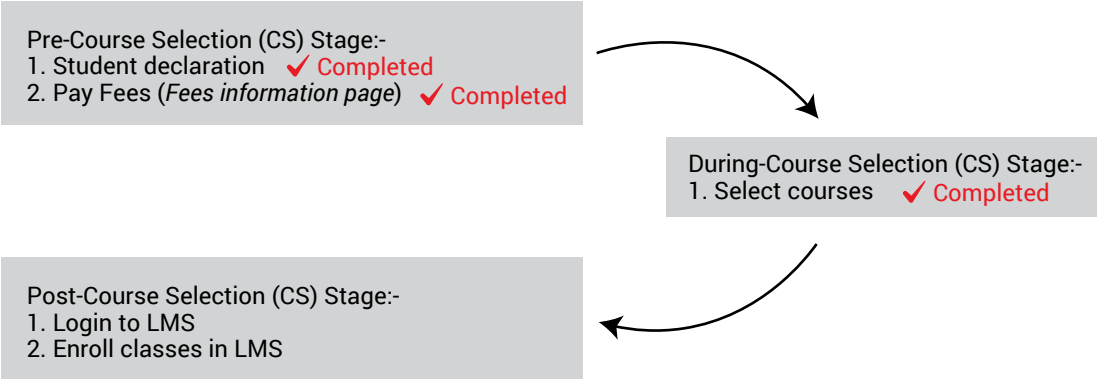

UCSI LMS CN Status & Access

Please refer to the info below regarding CN account: -

1. The status of an active student with completed his/her first approved of course selection. (Note: For new student only)

2. The status of an active student with no outstanding fees in IIS will be set as active in UCSI LMS CN

3. The status of an active student with outstanding fees in IIS will be set as inactive in UCSI LMS CN if the payment is not completed before the due date. Thus, the student will not be able to access UCSI LMS CN.

4. After graduation the status of an active student will be changed to Alumni in UCSI LMS CN.

5. The account of a student with the "withdrawn" status in IIS will be deactivated in UCSI LMS CN.

To Access Current Students Page

https://www.ucsiuniversity.edu.my/current-students

Step 1: Check LMS account activation in UCSI University Student Email System

Step 2: Login to LMS from here

To Access UCSI University Student Email System

For e.g.: 1001xxxxxx

Same as IIS student portal password

Expand the email and follow the instruction

Welcome to UCSI University LMS CN

Welcome to the UCSI University LMS CN Channel An account has been created for you by your Institution.

User ID: your institution ID
Password: IIS Password

Please click here to UCSI LMS CN

Accessing UCSI LMS CN

Enter your UCSI ID and UCSI/IIS Password
Note: Please login using the page below

A. Login via **https://ucsi.thecn.com/**

For e.g.: **1001xxxxxx!**

For e.g.: **IIS password**

B. Institution Login via **thecn.com**

Exploring UCSI LMS CN

Upon login, you will be prompted to take a page tour .
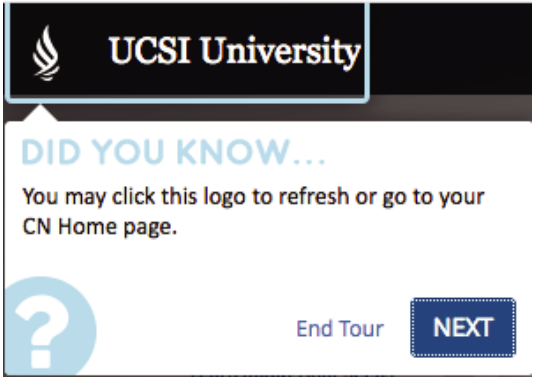

You can find more guidance and features in "Help".
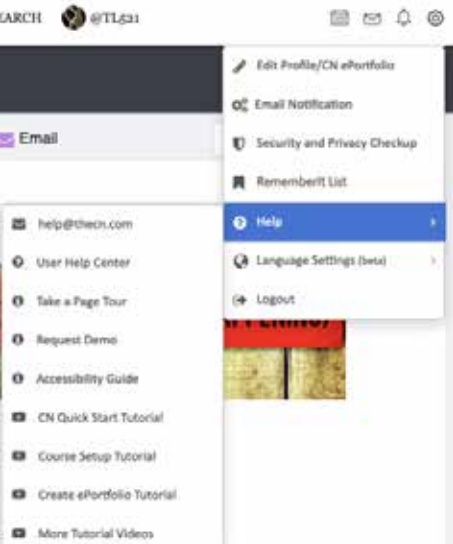

Class Enrolment

You may find your course(s) at the top right or left of your navigation panel.

FAQS

Q: What is Course Selection?
A: A process to select the course(s) you plan to study for the next semester.

Q: Why do I need to click 'pay fees' even though payment has already been made?
A: This section provides the information of your fees. The task is required to acknowledge and clear your payment status.

Q: How do I select my course(s)?
A: Course(s) selection can be done through IIS Student Portal.

Q: How do I know what course(s) to select?
A: Refer to the Y-Table, which will assist you in selecting your courses. If you are unsure, please refer to your respective school or department for advice.

Q: What do I do if I cannot proceed with my Course Selection?
A: Refer to the message prompted on the screen. Read through and check on incomplete tasks.

Q: What will happen after I've selected my courses?
A: All selected courses will need to go through the approval process, carried out by Head of Programme (HOP) or assigned by the course approver.

Q: When can I perform add/drop task or select tutorial(s)?
A: You can add or drop course(s) or select tutorial(s) in stipulated period for Add/Drop stated in the academic calendar and after your course selection status is indicated "Closed".

Q: What should I do if the Head of Programme (HOP) advises me to add or drop the course(s) after approval?
A: There are stipulated periods for Add/Drop stated in the academic calendar. You can add or drop course(s) during the Add/Drop period.

Q: Who do I refer to in advance if the timetable is yet to be announced (TBA)?
A: Click on your course link to see more information. If it remains as TBA, kindly refer to the respective faculty.

Q: What should I do if the course(s) is still pending approval?
A: Refer to the respective faculty.

Q: What is UCSI LMS CN?
A: A social learning platform that allows students to access academic-related information in an engaging environment.

Q: What should I do to activate UCSI LMS CN?
A: Complete all assigned tasks (Student Declarations, Pay Fees, Report Arrivals, and Course Selection) in IIS student portal.

Q: Why can't I see the course(s) in UCSI LMS CN?
A: Check your course approval status in IIS Student activities.

Q: How can I chat with friend(s) in UCSI LMS CN?
A: Add image in your profile. Then you can start chatting with your friends.

Q: How should I remove enrolled course(s) in my long list of course menu?
A: You can uncheck the course(s) that are shown in the menu in Manage UCSI Course Menu on the left navigation panel.

Happy Studying!

COMPUTER SERVICES DEPARTMENT

LIBRARY

UCSI University students are provided with workstations and internet facilities. The computer in the library create a perfect study environment for students. Apart from that, Wi-Fi access throughout the campus enables the students to stay connected at all times.

Computer Services Department (CSD) plays the role of ensuring the workstations and internet facilities are working smoothly on campus.

The library at UCSI University has an immense and comprehensive collection of all the latest texts and references, both physical and online. It allows students and staff to access a wide array of references, from academic peer-reviewed top-notch international journals to music scores and audio-visual items. Librarians are on standby to advise and assist users on all aspects of the library services and facilities.

OPERATING HOURS

Monday - Friday	8am – 9pm
Saturday	9am – 5pm
Sunday	9am – 1pm
Public Holidays	CLOSED

LOCATION
Resource Centre, Block B,
UCSI University KL Campus

CA102 will be used as a study room until 12 midnight when the library is closed.

WIRELESS NETWORK CONNECTION
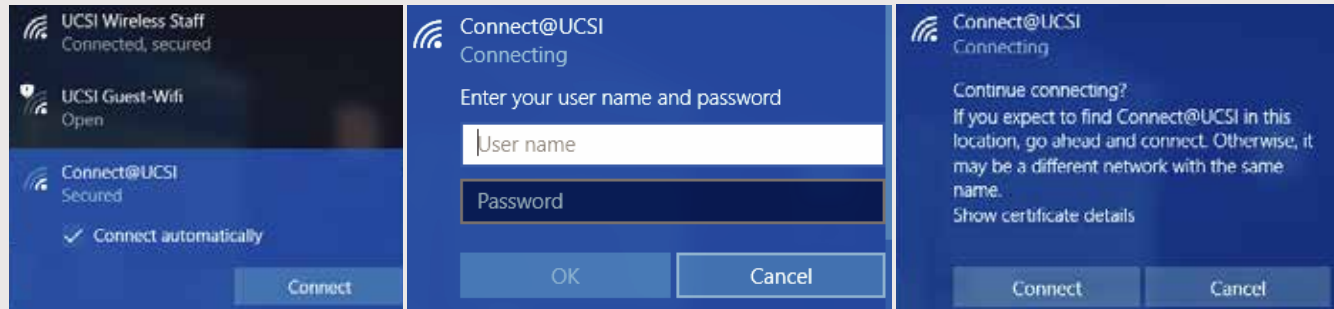

1. Connect to "Connect@UCSI"	2. Key in your "Username" and "Password"	3. Click "Connect" to access internet

1. Apart from Wi-Fi access and workstation facilities, UCSI students will be given a UCSI email account.

2. The "Username" and "Password" will be the same as the IIS login.

1. UCSI Office 365 account.

2. The "Username" and "Password" will be the same as the IIS login.

GLOBAL ENGAGEMENT OFFICE (GEO)

The Global Engagement Office was set up to further enhance UCSI's internationalisation efforts and to bring UCSI University's reach to a wider international community. Here are two ways you can engage with GEO:

INTERNATIONAL DEGREE PATHWAYS
"Study Locally, Study Abroad"

The International Degree Pathways (IDP) programme allows UCSI students to pursue a degree abroad at some of the world's top universities in the most cost-effective way. Students enrolled in an IDP programme will start at UCSI, before transferring credits that were previously earned at UCSI to partner universities with an approved pathway. In short, students in the IDP programme will enrol as UCSI students, but graduate with a degree from a university in either the UK, Australia, or Canada.

Some of these IDP partner institutions also offer a certain percentage of tuition waivers of up to 15% for UCSI students.

Please visit IDP at *https://www.ucsiuniversity.edu.my/International-Degree-Pathways/idp-programmes* for details and highlights.

STUDENT EXCHANGE
"Build Friendships, Diversify Experience"

With over 100 foreign institutions as our exchange partners, UCSI students get once-in-a-lifetime international experience in the most affordable way. This an experience will allow students to immerse themselves in a foreign culture, as well as teaching methodologies. Student exchange is possible in the form of academic exchange, as well as research exchange arrangements. Some of our partners even offer internship abroad opportunities. Students who are going on the academic exchange programme will be able to continue their studies in the partner institution without the need to pay tuition fees. They will only need to pay UCSI tuition fees for subjects with transferrable credits.

Please visit Student Exchange at *https://www.ucsiuniversity.edu.my/student-exchange-programme* for details of our partners.

Outbound arrangements and FAQs are available at *https://www.ucsiuniversity.edu.my/outbound-student-exchange-programme*

Further details on GEO can be found at *https://www.ucsiuniversity.edu.my/about-us/global-engagement-office*

GEO is located on the **1st floor of Block G at UCSI University (KL Campus)** and is open for enquires and visits.
Email: **geo@ucsiuniversity.edu.my**

GLOBAL ENGAGEMENT OFFICE

INTERNATIONAL SUPPORT TEAM AND VISA PROCESSING UNIT

The role of the International Support Team (IST) is to assist newly arriving international students. IST's services include:

To arrange airport pickup service	To assist with Post-VAL procedures
To conduct International Student Briefing	To assist with Medical Card and Insurance matters

VISA PROCESSING UNIT (VPU)

The Visa Processing Unit (VPU) processes and assists student visa applications at Immigration / Education Malaysia Global Services (EMGS)

New Student Pass Application	To apply for a new Student Pass with Immigration/EMGS
Student Pass Endorsement	The placement of valid student pass (sticker) once the student has passed the post-arrival medical examination
Student Pass Renewal	Yearly renewal of student pass (attendance 80%; CGPA 2.0 and above)
Transfer Of Student Pass	To transfer the student pass (sticker) to the new passport
Cancellation Of Student Pass	To Cancel/Shorten the Student Pass if the student completes/withdraws, changes programmes/institutions
Dependent Pass	To apply for Dependent Pass for parents, children and/or spouse (for postgraduate students only)
Special Pass	Temporary pass for student to stay legally in Malaysia
i-Kad and Medical Card	
Enquiries regarding student pass/visa matters	

Document Submission: 9am – 4.30pm Operation Hours: 9am – 4.30pm Monday – Friday (except Public Holidays)	For Enquiries: E-mail: vpu@ucsiuniversity.edu.my ist@ucsiuniversity.edu.my Tel: 03-9101 8880 Ext: 3131/3624/3604

From Me to You, The Guardian of the Nation's Health

On 12 January 2018, UCSI University Medical Students'
Association visited Sekolah Kebangsaan Taman Midah 2
to teach basic hygiene among the school students,
especially to prevent leptospirosis and worm diseases,
which are the consequences of bad hygiene.

Supported by GSK Malaysia, the Medical Students'
Association also conducted a talk on dengue fever and
distributed 200 dengue kits to the students.

SAA - ACCOMMODATION AND ADMINISTRATIVE SERVICES DEPARTMENT, PTPTN AND ACCOMMODATION

The Accommodation and Administrative Services Department ensures that your welfare in the university is taken care of.

STUDENT WELFARE COUNCIL (SWC)

The SWC members table, address advise and execute matters pertaining to students in both academic and administrative matters.

Get to know your Student Welfare Committee represented by each faculty/institute/centre on UCSI webpage or email us at **SWC@ucsiuniversity.edu.my**

STUDENT FEEDBACK

Send us your enquiries, complaints, compliments, and suggestions for improvement and we'll hear you out.

Submit your feedback through your Integrated Information System (IIS) or write through our Student Feedback Form at the office.

PTPTN AND ACCOMMODATION

Perbadanan Tabung Pendidikan Tinggi Nasional (PTPTN)

Applicable only to Malaysian students, we are the bridge in your loan process with PTPTN.

For more details, click on Admission, Scholarship and Financial Aid on UCSI website.

Student Mail

You can receive your packages/mailing letters through SAA Office. An email will be send to you

once we have received the package/mailing letter. Upon receiving the email, the student required to collect the package/mailing letters within 3 months.

Accommodation

Your living experience on campus is facilitated and taken care of by us with our officers, resident assistants, floor leaders, and wardens.

For more info, check on Life at UCSI, Accommodation on UCSI website or email **rhall@ucsiuniversity.edu.my**

Student Development & Counselling Department (SDCD) strives to provide excellent counselling services that are accessible to all students by focusing on helping students in dealing with the challenges and difficulties in their study journey as well as guiding and empowering them in overcoming challenges. We aim to:

• Promote mental and well-being through outreach programmes and activities to enhance awareness on mental health.
• Provide services to students in seeking appropriate supports pertaining to their needs.
• Cultivate empathic community in providing support regarding mental health.
• Collaborate with organizations in providing referral services which requires professional's intervention.

HARVARD UNIVERSITY

Nine of UCSI's best medical students have been selected to advance science at Harvard on year-long research programmes since 2014. Seven students have since returned and some have had their works published in high-impact medical journals. At Harvard, UCSI students work under the tutelage of Professor Dr Gordon Williams, a renowned endocrinologist.
