

Prof. Dr. Mohd Razman Salim
Department of Civil Engineering
Email : razman@ucsiuniversity.edu.my
Handphone : +60137742233

Areas of Industrial Collaboration

- Water and Wastewater Treatment
- Biological and Physical-Chemical Process
- Bio-membrane and Carbon Adsorption
- Waste Management

Community Service Projects

- Microplastics in Urban Rivers and Its Interaction with Heavy Metals
- Adsorption Behaviour of Physio-chemical Characteristics of Silver nanoparticles onto Different Activated Carbon Adsorbents
- Study of Novel Banana Blossom Peels (*Musa acuminata* Colla) Adsorbent for the Removal of Manganese in Surface Water

Awards and Recognitions

- Akademi Sains Malaysia Top Research Scientists Malaysia (TRSM) Award (2018)
- Excellent Publication Award - Pertubuhan Saintis Muslim Malaysia (PERINTIS) (2018)
- Excellent Publication Award - Pertubuhan Saintis Muslim Malaysia (PERINTIS) (2019)

Consultancy Services

- Environmental Impact Assessment
- Wastewater Treatment
- Waste Management
